INDEPENDENT AUDITOR'S REPORT

The Honorable Chairman and Members
of the Board of Chosen Freeholders
County of Hudson, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements – regulatory basis of the County of Hudson, New Jersey (the "County"), which comprise the comparative balance sheet – regulatory basis, of each fund and account group as of December 31, 2012 and 2011, and the related comparative statement of operations and changes in fund balance – regulatory basis, of each fund, and the statement of revenues – regulatory basis and statement of appropriations – regulatory basis, of the Current Fund and Affordable Housing Utility Operating Fund, for the years then ended, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Hudson County Division of Welfare, which represents 60 percent and 50 percent, respectively, of the expenditures noted in the statement of expenditures of federal awards and the statement of expenditures of state financial assistance. Those statements were audited by other auditors whose report has been furnished to us, and, in our opinion, insofar as it relates the amounts included for the Hudson County Division of Welfare, is based solely on the report of other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division and the standards applicable to

the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note A, the financial statements are prepared by the County on the basis of the financial reporting provisions of the Division, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to comply with the requirements of the Division. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note A and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to in the first paragraph do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the County as of December 31, 2012 and 2011, or the changes in its financial position for the years then ended.

Opinion on Regulatory Basis Accounting

In our opinion, based on our audit and the report of other auditors, the financial statements referred to in the first paragraph present fairly, in all material respects, the comparative financial position – regulatory basis, of each fund and account group of the County as of December 31, 2012 and 2011, and each fund's respective operations and changes in fund balance – regulatory basis, and the Current Fund's and Affordable Housing Utility Operating Fund's respective revenues – regulatory basis and appropriations – regulatory basis, for the years then ended, on the basis of the financial reporting provisions of the Division as described in Note A.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The statistical section is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary data section and general section are presented for purposes of additional analysis as required by the Division. The schedule of expenditures of federal awards and the schedule of expenditures of state financial assistance are presented for purposes of additional analysis as required by the U.S. Office of Management and budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and N.J. Office of Management and Budget Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, respectively. The supplementary data section, general section, schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are also not required parts of the basic financial statements.

The supplementary data section, general section, schedule of expenditures of federal awards and the schedule of expenditures of state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of other auditors, the supplementary data section, general section, schedule of expenditures of federal awards and the schedule of expenditures of state financial assistance are fairly stated in all material respects, in relation to the basic financial statements as a whole.

The statistical section has not been subjected to the auditing procedures as applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 22, 2013, on our consideration of the County's internal control over financial reporting and our tests, and the tests of other auditors, of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing, and the testing of other auditors, of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Restriction on Use

This report is intended solely for the information and use of the County Executive, Board of Chosen Freeholders, management and others within the County, the Division and applicable federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Notes to Financial Statements

County of Hudson
2012

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

The County of Hudson, New Jersey (the "County") is located in the State of New Jersey. The County functions independently through a county executive plan form of government pursuant to New Jersey Statutes Annotated (N.J.S.A.) Title 40, Chapter 41A. The governing body consists of a county executive, elected to a four year term, and a board of nine freeholders, who are elected to concurrent three year terms. The purpose of the County is to provide general county services and conduct general county affairs, as provided for by the County's various departments, offices, agencies and programs. The County also has certain oversight responsibilities towards local governments that are located within the County's geographical boundaries, including its twelve municipalities.

The financial statements of the County include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the County, as required by N.J.S.A. 40A:5-5. Governmental Accounting Standards Board ("GASB") establishes criteria to be used to determine which component units should be included in the financial statements of the primary government (the County). The State of New Jersey, Department of Community Affairs, Division of Local Government Services, (the "Division") requires the financial statements of the County to be reported separately from it component units. If the provisions of GASB had been complied with, the County Welfare Agency would be included as a blended unit and the following component units would have been discretely presented with the financial statements of the County:

Hudson County Community College
Hudson County Schools of Technology
Hudson County Improvement Authority

Audit reports of the component units are available at the offices of each of the respective component units.

BASIS OF PRESENTATION

GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB codification establishes three fund categories to be used by general purpose governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP).

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF PRESENTATION (continued)

The financial statements of the County have been prepared in conformity with accounting principles and practices prescribed by the Division, which differ from GAAP. Such principles and practices prescribed by the Division are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the County accounts for its financial transactions through the following separate funds and account group, which differ from the fund structure required by GAAP.

Current Fund – This is the general fund of the County and is used to record income and expenditures of a general operating nature.

Federal and State Grant Fund – This fund is used to account for activity of the majority of the grants received by the County, including grant receivables and their related receipts and expenditures against related grant reserves. Grants recorded here must also be included in the County operating budget.

Trust Funds – This fund is used to account for receipts, custodianship and disbursement of dedicated revenues in accordance with the purpose for which each reserve was created, subject to available cash in each individual trust fund reserve established pursuant to N.J.S.A. 40A:4-39 and other applicable state statutes.

General Capital Fund – This fund is used to account for the receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund or other funds. Also included in this fund are bonds and notes payable offset by deferred charges to future taxation.

Affordable Housing Utility Operating and Capital Fund – This fund is used to account for the operations and acquisition of capital facilities of the County-owned Affordable Housing Utility. The Operating Utility records revenues and expenditures applicable to the general operation of the program to create additional affordable housing in the County. The Capital Utility is used to account for financial resources used to provide loans to create affordable housing within the County.

Payroll Agency Fund – This fund is used to accumulate and pay employee salary and wages and payroll deductions to proper agencies.

General Fixed Assets – This is not a separate fund type, but an “account group” used to account for all fixed assets of the County.

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF PRESENTATION (continued)

The accounts of the County are maintained in accordance with the Division's principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The Division's principles of fund accounting require that resources be classified for accounting and reporting purposes into funds in accordance with activities or objectives specified for the resources. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The General Fixed Assets account group, on the other hand, is a financial reporting device designed to provide accountability for certain fixed assets and the investment in those fixed assets that are not recorded in the funds because they do not directly affect net expendable available financial resources.

BASIS OF ACCOUNTING

The County prepares its financial statements on a basis of accounting prescribed by the Division that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The current financial resource focus and modified accrual basis of accounting is generally followed with significant exceptions which are explained as follows:

Revenues – Revenues are realized when received in cash except for certain amounts which are due from other governmental units. Receipts from Federal revenue sharing funds and other Federal and State grants are realized as revenue when anticipated in the budget. Receivables for property taxes assessed to the municipalities within the County, as well as any amounts added or omitted and other amounts due to the City, are recorded with offsetting reserves on the balance sheet of the Current Fund. Such amounts are not recorded as revenue until collected. Accordingly, no provision has been made to estimate that portion of receivables that are uncollectible. GAAP requires revenues to be recognized in the accounting period when they become measurable and available and in certain instances reduced by an allowance for doubtful accounts.

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

Expenditures – Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the encumbrance accounting system. Appropriation reserves covering unexpended appropriation balances are automatically created at the end of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriations for principal and interest payments on general capital and utility indebtedness are provided on the cash basis. GAAP requires expenditures in the current (or general) fund to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for un-matured interest on general long-term debt, which should be recognized when due.

Encumbrances – Encumbrances are contractual orders outstanding at year end reported as expenditures through the establishment of an encumbrance payable. Outstanding encumbrances at year end are reported as a cash liability in the financial statements. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves – Appropriation Reserves are available until lapsed at the close of the succeeding year to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Transfers are allowed between certain line items during the first three months of the fiscal year. Lapsed appropriation reserves are recorded as other credits to income. Appropriation Reserves do not exist under GAAP.

Interfunds – Advances from the Current Fund are reported as interfunds receivable with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfunds receivable in other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

Inventories of Supplies – The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires the cost of inventories to be reported as a current asset and equally offset by a fund balance reserve.

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

Deferred Charges to Future Taxation, Funded and Unfunded - Upon the authorization of capital projects, the County establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. Annually, the County raises the debt requirements for that particular year in the Current Fund budget. As the funds are raised by taxation, the deferred charges are reduced. GAAP does not require the establishment of deferred charges to future taxation.

Compensated Absences and Post-Employment Benefits - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for post-employment benefits, if any, which are also funded on a pay-as-you-go basis. GAAP requires that the amount that would normally be liquidated with expendable financial resources to be recorded as an expenditure in the operating funds and the remaining obligations be recorded as long-term obligations.

Improvement Authorizations – Improvement Authorizations in the general capital fund represent the unexpended balance of an ordinance appropriation and is similar to the unexpended portion of the budget in the current fund. GAAP does not recognize these amounts as liabilities.

General Fixed Assets - Accounting for Governmental Fixed Assets as promulgated by the Division differs in certain respects from GAAP, and requires the inclusion of a statement of general fixed assets as part of the County's basic financial statements.

Fixed assets used in governmental operations (general fixed assets) are accounted for in an account group identified as "General Fixed Assets" and are not included within the records of any fund types. Purchases from these funds for fixed assets are recorded as expenditures within the fund. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than improvements to buildings, such as improvements to roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets, except land, are valued at historical cost or estimated historical cost if actual historical cost is not available. Expenditures for construction in progress are recorded in the Capital Fund against authorizations under which the project was approved until such time as the construction is completed and put into operations.

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

The County is required to maintain a subsidiary ledger of detailed records of fixed assets and to provide property management standards to control fixed assets. The Division sets a maximum policy for defining general fixed assets as non-expendable personal property having a physical existence, a useful life of more than five years and an acquisition cost of $5,000 or more per unit. However, policies and procedures of the County define general fixed assets as non-expendable personal property having a physical existence, a useful life of more than one year and an acquisition cost of $1,000 or more per unit.

No depreciation has been provided for in the financial statements. Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

Accounting for utility fund property and equipment purchased by the Affordable Housing Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. The utility does not record depreciation on fixed assets.

GAAP requires the recording of infrastructure assets and requires capital assets be depreciated over their estimated useful life unless they are either inexhaustible or are infrastructure assets reported using the modified approach.

Use of Estimates - The preparation of financial statements requires management to make estimates and assumptions that affect: the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Cash and Investments - New Jersey governmental units are required to deposit public funds in a public depository. Public depositories are defined by statutes as any State or federally chartered bank, savings bank or an association located in New Jersey or a state or federally chartered bank, savings bank or an association located in another state with a branch office in New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation (FDIC) and which receives or holds public funds on deposit. N.J.S.A. 40A:5-15.1 provides a list of securities which may be purchased by New Jersey municipal units.

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

The County is also required to annually adopt a cash management plan and to deposit or invest its funds pursuant to the cash management plan. The cash management plan adopted by the County requires it to deposit funds as permitted in N.J.S.A 40:5-15.1, so long as the funds are deposited in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey and requires all public depositories pledge collateral, having a market value of five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories in the collateral pool, is available to pay the full amount of their deposits to the governmental units.

In 2009, legislation revised GUDPA to provide higher levels of security and oversight. Among the increased protections and oversight, the revised GUDPA ensures a common level of deposit risk by each bank choosing to accept local government deposits, requires banks to fully collateralize deposits over $200 million, implements enforcement protocol which allows the Department of Banking and Insurance to institute risk-based collateral requirements promptly when a bank shows signs of stress, provides enhanced oversight by the Department of banking and insurance and permits GUDPA certificates to be provided through an online system.

Cash Equivalents include certificate of deposits with a maturity date of less than three (3) months.

Also see Note B - Cash and Cash Equivalents.

Budgets and Budgetary Accounting - An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the County and approved by the Division in accordance with the Local Budget Law. Budgets are adopted on the same basis of accounting utilized for the preparation of the County's financial statements. The budgetary requirements herein outlined are applicable to only the Current and Affordable Housing Utility Operating Funds, and not the Trust, Capital Fund, Affordable Housing Utility Capital Fund or the General Fixed Assets account group. However, statutes require the County to adopt annually a six-year capital plan. This plan allows the governing body to expend or incur obligations for capital purposes only. Such projects under the plan must be adopted through capital ordinance.

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

The County must adhere to procedures for adoption of its annual budget as established by the Division. These procedures include statutory deadlines of: January 26 for introduction and approval and February 25 for adoption. These dates are subject to extension by the Division by approval of the Local Finance Board. Appropriations within the adopted budget cannot be modified until the final two months of the year at which time transfers between certain line items are allowed. Under certain circumstances emergency authorizations and insertions of items of revenue and appropriation are allowed by authorization of the governing body, subject to approval of the Division.

The County must prepare its budgets in compliance with applicable laws capping the amounts by which both the budgeted appropriations and tax levy can be increased. A description of both "CAPS" follows:

1977 Appropriation "CAP": The 1977 Appropriation Cap is calculated using the formulas and provisions of N.J.S.A. 40A:4-45.1 through 4-45.43a. The law was originally adopted in 1976 and was most recently amended in 2003. Under this law, the County is permitted to increase its overall appropriations (with certain exceptions) by 2.5% or the "cost of living adjustment" (COLA), whichever is less. The COLA is calculated based on the traditional federal government inflation calculation. The County can, when the COLA is less than or equal to 2.5%, increase its allowable inside-the-cap spending to one percentage point greater than the COLA, up to a maximum of 3.5%, upon passage of a COLA Rate Resolution.

2010 Levy "CAP": The 2010 Levy Cap is calculated using the formulas and provisions of N.J.S.A 40A:4-45.44 through 45.47. It establishes limits on the increase in the total County amount to be raised by taxation (tax levy). The core of the levy cap formula is a 2% increase to the previous year's amount to be raised by taxation, net of any applicable cap base adjustments and emergency or special emergency appropriations.

Sale of Municipal Assets - The proceeds of the sale of County assets can be held until made available through a future budget appropriation. GAAP requires such proceeds to be recorded as revenue in the year of sale.

Long-Term Obligations - General long-term debt is recognized as a liability of the General Capital Fund for the full amount. The County's utility long-term debt is recognized as a liability of the Affordable Housing Utility Capital Fund for the full amount.

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

Reserves (Other than Reserve for Receivables) - Reserves, other than reserve for receivables are considered as liabilities, and not as a reservation of fund balance.

Reserve for Receivables and Other Assets – Receivables of the County, with the exception of certain intergovernmental receivables, are offset on the balance sheet with a credit that is created to preserve the revenue recognition basis required by the Division's accounting principles. The reserve delays the recognition of these revenues until they are received in cash.

Advertising Costs - Advertising costs are charged against the appropriate budget line as they occur. The County does not engage in direct-response advertising.

Fund Balance - Fund equity represented on the financial statements consists solely of Fund Balance, which is not further categorized with respect to reservations (portions of fund equity not available for appropriation for expenditure or legally segregated for a specific future use) or designations (plans for future use of financial resources)

BASIC FINANCIAL STATEMENTS

The GASB Codification also requires the financial statements of a governmental unit presented in the general purpose financial statements to be in accordance with GAAP. The County presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP.

Comparative Data - Comparative data for the prior year has been presented in the accompanying balance sheets and statements of operations in order to provide an understanding of changes in the County's financial position and operations. Comparative data is not presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

Reclassifications – Certain reclassifications have been made to the prior year financial statement presentation to correspond to the current year's format. These reclassifications had no effect on fund balance and changes in fund balance.

Reconciliation of Accounting Basis – As described throughout Note A, substantial differences exist between GAAP and the basis prescribed by the Division. Reconciliation between the two would not be meaningful or informative and therefore is not provided herein.

NOTE B. CASH AND CASH EQUIVALENTS

DEPOSITS

All cash and cash equivalents on deposit as of the years ended December 31, 2011 and 2010 are partially insured by the FDIC up to $250,000 for each depository. Deposits in excess of FDIC limits, as noted below, are entirely insured or collateralized by a collateral pool maintained by public depositories as required by GUDPA (see Note A - Cash and Investments) or are on deposit with the MBIA Government Investment Pool, New Jersey Asset and Rebate Management Program (NJARM) and New Jersey Educational Facilities Authority (NJEFA).

Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. The County does not have a deposit policy for custodial credit risk. Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are:

a. Uncollateralized.
b. Collateralized with securities held by the pledging financial institution.
c. Collateralized with securities held by the pledging financial institution's trust department or agent but not in the County's name.

As of December 31, 2012, 80% of the County's deposits were with one financial institution, 13% with another and the remaining 7% with six others. At December 31, 2012, the County's deposits are summarized as follows:

Insured - FDIC	$	1,250,000.00
Insured - GUDPA		238,083,045.94
MBIA Government Investment Pool		2,870,991.91
NJEFA Trustee		72.50
NJ Asset and Rebate Management Program		1,857,824.74
	$	244,061,935.09

Under GUDPA, financial institutions are not required to pledge collateral for amounts covered by FDIC insurance. For period of December 1, 2010 to December 31, 2012, noninterest-bearing transaction accounts are insured by the Dodd-Frank Deposit Insurance Provision of the FDIC. The amount noted as "Insured – GUDPA" above includes deposits covered by the Dodd-Frank Provision as well a GUDPA.

Foreign Currency Risk - Foreign currency risk is the risk that changes in exchange rates will adversely affect deposits. None of the County's deposits as of December 31, 2012 are held in foreign currency.

NOTE B. CASH AND CASH EQUIVALENTS (continued)

INVESTMENTS

New Jersey statutes permit the County to purchase the following types of securities when authorized by the cash management plan (described in note A):

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America.
- Government money market mutual funds.
- Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor.
- Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located.
- Bonds or other obligations having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of the Treasury for investment by local units.
- Local government investment pools.
- Deposits with the State of New Jersey Cash Management Fund.
- Agreements for the repurchase of fully collateralized securities if (a) the underlying securities are permitted investments pursuant to the first and third bullets of this section, (b) the custody of collateral is transferred to a third party, (c) the maturity of the agreement is not more than 30 days, (d) the underlying securities are purchased through a public depository and (e) a master repurchase agreement providing for the custody and security of collateral is executed.

Custodial Credit Risk - In the case of investments, custodial credit risk is the risk that, in the event of failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities in the possession of an outside party. Investments are exposed to custodial credit risk if they are uninsured, are not registered in the County's name and are held by either the counterparty or its trust department or agent, but not in the County's name.

Foreign Currency Risk - Investments are also exposed to the same foreign currency risk as deposits. It is the risk that changes in exchange rates will adversely affect investments. The County does not have any investments denominated in foreign currency as of December 31, 2012.

NOTE B. CASH AND CASH EQUIVALENTS (continued)

INVESTMENTS (continued)

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The County does not have an investment policy regarding the management of credit risk.

Concentration of Credit Risk - The County places no formal limit on the amount it may invest in any one issuer. New Jersey Statutes limit municipal investments to those specified and summarily identified in the first paragraph of the "Investments" section of this note. Currently, the County's only investments consist of deposits in the MBIA Government Investment Pool, the NJARM Program and the NJEFA Fund, all of which are classified as Government Investment Pools.

		Investment Maturities (in Years)			
Investment Type	Fair Value*	< 1	1 - 5	6 - 10	> 10
Government Investment Pools	$ 4,728,889.15	$ 4,728,889.15	$ -	$ -	$ -

*Short-term investments are carried at cost, which approximates fair value.

Municipal Investors Service Corporation ("MBIA") - The State of New Jersey provides oversight for this government investment pool and all securities purchased by MBIA are in compliance with New Jersey State Statutes and are held in a third party custody account. MBIA uses the amortized cost method of reporting investments. The County does not own specific, identifiable securities, but instead has a net realizable interest in the joint value of the pool. As of December 31, 2012 and 2011, the County had a balance of $2,870,991.91 and $3,470,669.51, respectively, in the MBIA Government Investment Pool.

The New Jersey Asset and Rebate Management Program ("NJARM") – This is a financial organization created exclusively for New Jersey local governments. The Program was designed to help achieve excellence in the governmental unit's investment program. Created as a joint investment trust under the Interlocal Services Act, NJARM provides participants with investment and arbitrage compliance services for both bond proceeds and general operating funds. As of December 31, 2012 and 2011, the County had balances $1,858,357.77 and $1,857,824.74, respectively, in the NJARM Program government investment pool.

NOTE B. CASH AND CASH EQUIVALENTS (continued)

INVESTMENTS (continued)

The New Jersey Education Facilities Authority ("NJEFA") – This government investment pool holds funds as a Trustee in the Bank of New York. Proceeds of these funds are used in the general capital fund to fund improvement authorizations for various projects at Hudson County Community College. As of December 31, 2012 and 2011, the County had a balance of $72.50 and $54.93, respectively, in the NJEFA Fund.

NOTE C. PROPERTY TAXES RECEIVABLE AND PROPERTY TAX CALENDAR

Property taxes are collected and remitted quarterly to the County by the County's twelve municipalities. Each municipality is responsible for enforcing collection from individual taxpayers, and is required to remit to the County the full amount of the County portion of the municipality's total tax levy. The County portion includes County purpose taxes and County Open space taxes. Property taxes receivable for County purpose taxes are recorded in the Current Fund, while County Open Space Taxes are recorded in the Trust Fund, as each municipality's semiannual tax levy billing is approved. In addition, the County's share of taxes for any added and omitted assessments throughout the year for each municipality is recorded by the County as taxes receivable in the Current Fund.

Property tax bills are to be mailed by the municipality on or before June 14 and December 1. If the municipality is unable to mail bills by these dates, it has until June 30 and December 31 to mail estimated bills for the respective initial mailing dates. The June 14/30 bill is due from the taxpayer to the municipality in two quarterly installments on August 1 and November 1. The municipality is then required to remit the County taxes to the County on August 15 and November 15. The December 1/31 bill is due from the taxpayer to the municipality in two quarterly installments on February 1 and May 1. The municipality is then required to remit the County taxes to the County on February 15 and May 15. For added/omitted taxes, the municipality is to mail the bill on or before October 25. The due date for the taxpayer to pay the municipality is November 1. The municipality is then required to remit the County taxes on added/omitted assessments by February 15.

As of December 31, 2012 and 2011, the County had added/omitted taxes receivable of $2,915,918.94 and $1,281,735.06, respectively.

NOTE D. COUNTY DEBT

SUMMARY OF COUNTY DEBT

The Local Bond Law, N.J.S.A. 40A:2, governs the issuance of bonds to finance general and utility capital expenditures of the County. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the County are backed by the full faith and credit of the County. Bond anticipation notes, which are issued to temporarily finance capital projects, must be paid off within ten years, or be retired by the issuance of bonds.

At December 31, 2012 and 2011 the County's debt is summarized as follows:

(1) New issues represent only new debt issued and is shown net of amounts refunded, which are described more fully as follows.

NOTE D. COUNTY DEBT (continued)

Debt Refunding

General Improvement Bonds, Series 2012 - During the year ended December 31, 2012, the County issued $10,925,000 of bonds for the purpose of refunding the entire outstanding amount of bond anticipation notes of the County issued August 18, 2011 and maturing August 17, 2012 providing for the acquisition of real property located at 567 Pavonia Avenue, Jersey City and various improvements thereto:

Koppers Site HCIA Bonds, Series 2012 - During the year ended December 31, 2012, the County issued $6,265,000 of bonds for the purpose of refunding a portion of the outstanding amount of bond anticipation notes of the County issued August 31, 2011 and maturing May 1, 2012 providing for the acquisition of land in Kearny referred to as the Koppers Site. Of the $6,265,000 issued, $6,144,000 was for the purposes of refunding the bond anticipation notes and the remaining $121,000 was issued to finance the costs of issuance.

Other Refundings - The County also renewed Bond Anticipation Notes, the proceeds of which were used to pay the principal of the maturing notes, less statutory minimum payments. Bond Anticipation Notes are more fully discussed herein.

School Bond Reserve Act

Certain bonds of the County issued as Vocational School Bonds are additionally secured and are entitled to the benefits of the New Jersey School Bond Reserve Act, chapter 72 of the Laws of New Jersey of 1980. If the County is unable to make payment of principal of or interest on any of its bonds issued for school purposes, the trustees of the Fund for the Support of Free Public School of the State of New Jersey will purchase such bonds at par value and will pay to the bondholders the interest due or to become due within the limits of funds available in the reserve account in accordance with the provisions of the School Bond Reserve Act. Any such payment of interest or purchase price of school bonds paid on behalf of the County pursuant to this Act shall be deducted from the appropriation for apportionment of State Aid. Included in the County's "General Serial and Term Bonds Payable" as of December 31, 2012 and 2011 are Vocational School Bonds additionally secured under the School Bond Reserve Act of $28,600,000 and $29,815,000, respectively.

NOTE D. COUNTY DEBT (continued)

County College Bond Act

The County has issued County Community College Bonds which qualify under the County College Bond Act, chapter 12 of the Laws of New Jersey of 1971, as amended. In accordance with this act, the County has received notification from the State Treasurer that the State will provide support for a proportionate share of the principal and interest when due. Such support will be made to the County, upon the Count's certification of amounts due, on or before the dates when such bonds are payable by the County. During the years ended December 31, 2012 and 2011, the County recognized $3,126,185.00 and $3,209,385.94, respectively, as 'State Aid – County College Bond' revenues pursuant to this act.

Funds are also provided herein to pay costs associated with the bonds and capital improvements aforementioned. The County is required to make debt service payments to the HCIA which shall be sufficient to pay the principal of and interest on the bonds when scheduled.

NOTE D. COUNTY DEBT (continued)

BONDS PAYABLE (continued)

General Serial and Term Bonds Payable (continued)

The Bonds are being issued as taxable "Recovery Zone Economic Development Bonds" as authorized by the Recovery Act. By designating the Bonds as "Recovery Zone Economic Development Bonds," the County, through the HCIA, will receive cash subsidy payments from the United States Treasury equal to 45 percent of the interest payable on the Bonds on each Interest Payment Date.

The subsidies to be received on the bonds are subject certain ongoing requirements that must be met subsequent to the issuance and delivery of the bonds in order for the HCIA or County to continue to receive the cash subsidy payments, including requirements relating to the use and expenditure of proceeds of the bonds. Noncompliance may cause the HCIA or County to be ineligible to continue to receive the cash subsidy payments. The Authority and County have each covenanted in its Tax and Arbitrage Certificate to comply with certain applicable provisions of the Code relating to actions to be taken by the Authority and County, respectively, in respect of the bonds after the issuance thereof to the extent necessary to effect and maintain the receipt of the cash subsidy payments. During the years ended December 31, 2012 and 2011, the County received $564,149.70 and $536,030.22, respectively, pursuant to the cash subsidy provided by the United States Treasury. The cumulative subsidy received over the life of the bonds at December 31, 2011 and 2010 are $1,100,179.92 and $536,030.22, respectively.

Due to the subsequent events of sequestration, the aggregate (total Federal) reduction in subsidy payments for these bonds will be 8.7% of the Federal amount budgeted for such payments, but the reduction in any specific subsidy payment to be received remains unclear. It is unclear whether the impacts of the recent Federal Government shutdown will involve further cuts on the bonds.

Issued in 2010 for an original amount of $20,700,000, these bonds had outstanding balances at December 31, 2012 and 2011 of $20,300,000 and $20,500,000, respectively.

Open Space Bonds, Series 2011 – These bonds were issued to provide for the permanent financing of various open space, recreation and historic preservation trust fund capital improvements and the acquisition of real property for the expansion of Berry Lane Park for open space, recreation and historic preservation trust fund capital purposes as authorized by Ordinance No. 534-11-2007 adopted November 20, 2007 ($5,276,000 issued herein) and Ordinance No. 485-10-2010 ($1,170,000 issued herein). Issued in 2011 for an original amount of $6,446,000, these bonds had outstanding balances at December 31, 2012 and 2011 of $6,271,000 and $6,446,000, respectively.

BOND ANTICIPATION NOTES PAYABLE (continued)

Further description of these notes follows:

Acquisition of Koppers Seaboard Site - On February 26, 1998 the Board of Chosen Freeholders approved Resolution 103-2-1998, subsequently amended on November 24, 1998 by Resolution 611-11-1998, authorizing the execution of a contingent purchase or lease agreement by and between the County and the HCIA. The County and the HCIA entered into an agreement that provides for the County's unconditional obligation to purchase or lease the Koppers Site, located in Kearny, New Jersey for a minimum net purchase price of $33,000,000 in the event that other efforts to sell or lease the site by the HCIA to a third party purchaser were unsuccessful. On June 14, 2001, the HCIA sent formal notification to the County that they were unable to transfer or lease the Koppers Site, in accordance with the provisions of the agreement.

The County agreed that the contingent purchase price be paid in three (3) annual installments of $11,000,000 each on October 1 of 2001, 2002 and 2003. The County has paid $33,000,000 to the HCIA in connection with the Koppers Site in accordance with the agreement. On July 26, 2001, the County adopted a bond ordinance in the amount of $33,300,000.00 to meet the obligation.

On May 1, 2012, the County permanently financed $6,144,000 of these notes through the issuance of $6,265,000 Koppers Site Revenue Bonds, Series 2012, purchased by the HCIA at 2.5% with a final maturity of May 1, 2025. Refer to the section titled "General Serial and Term Bonds Payable - Koppers Site Refinance Project HCIA Bonds, Series 2012.

As of December 31, 2012 and 2011, the outstanding balance on these notes was $19,900,000 and $26,324,000, respectively. The current bonds mature on May 1, 2013 at an interest rate of 075%. Payments made during the years ended December 31, 2012 and 2011 by budget appropriation were $280,000 and $420,000, respectively.

Acquisition of 567 Pavonia Ave - On September 23, 2009 the County acquired the property known as 567 Pavonia Avenue in the City of Jersey City, which is used by the County to house various administrative offices. Notes were issued to fund this acquisition in the amount of $10,925,000.

Equalized valuation basis is the average of the equalized valuations of real estate, including improvements, and the assessed valuation of class II Railroad Property of the County for the last 3 preceding years.

BORROWING POWER UNDER N.J.S.A. 40A:2-6, AS AMENDED

2% of Equalized Valuation Basis	$ 1,159,177,475.82
Net Debt	379,621,503.89
Remaining Borrowing Power	$ 779,555,971.93

NOTE E. FUND BALANCES APPROPRIATED

Fund balance of the County consists of cash surplus and non-cash surplus. The County can anticipate fund balance to support its budget of the succeeding year, however, use of non-cash surplus is subject to the prior written consent of the Director of the Division. Fund balances at December 31, 2012 and 2011, which were appropriated and included as anticipated revenue in the succeeding year were as follows:

	Fund Balance Dec. 31, 2012	Utilized in 2013 Budget*	Fund Balance Dec. 31, 2011	Utilized in 2012 Budget*
Current Fund	$ 23,099,386.89	$ 22,500,000.00	$ 28,137,686.40	$ 23,500,000.00
Capital Fund	751,973.38	-	751,973.38	-
Affordable Housing Utility Operating Fund	379,701.35	250.00	379,665.47	250.00

* Fund balance utilized per the County budget as adopted on June 13, 2013.

The accounting principles and requirements prescribed by the Division do not provide for reservations or designations of fund balance on the financial statements.

NOTE F. RETIREMENT SYSTEMS AND DEFERRED COMPENSATION

Substantially all County employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Consolidated Police and Fireman's Pension Fund (the "CPFPF"), a single employer plan, the Public Employees Retirement System (the "PERS") and the Police and Fireman's Retirement System (the "PFRS"), which are multiple employer plans; or the Defined Contribution Retirement Program (the "DCRP"), which as a defined contribution plan. These systems are sponsored and administered by the State of New Jersey.

In addition, certain employees participate in the following plans: Hudson County Employees' Pension Fund, Court Attendant's Pension Fund, Non-Contributory Pension Fund and Veterans' Pension Fund.

STATE-MANAGED PENSION PLANS - CPFPF

The CPFPF is a single employer contributory defined benefit plan which was established on January 1, 1952, under the provisions of N.J.S.A. 43:16 to provide retirement, death and disability benefits to county and municipal police and firemen who were appointed prior to July 1, 1944. The fund is a closed system with no active members. The County currently only makes contributions for its retirees who are enrolled in this pension fund.

NOTE F. RETIREMENT SYSTEMS AND DEFERRED COMPENSATION (continued)

STATE-MANAGED PENSION PLANS - PERS

The PERS was established in January, 1955 under provisions of N.J.S.A. 43:15A and provides retirement, death, disability and post-retirement medical benefits to certain qualifying Plan members and beneficiaries. Membership is mandatory to substantially all full time employees and vesting occurs after 8 to 10 years of service for pension benefits. Significant modifications to enrollment, benefits and eligibility for benefits under the plan were made in 2007, 2008, 2010 and 2011. These changes resulted in various "tiers" which distinguish period of eligibility for enrollment. The delineation of these tiers is noted below:

- Tier 1: Employees enrolled before July 1, 2007.
- Tier 2: Employees eligible for enrollment after June 30, 2007 but before November 2, 2008.
- Tier 3: Employees eligible for enrollment after November 1, 2008 but before May 22, 2010.
- Tier 4: Employees eligible for enrollment after May 21, 2010 but before June 28, 2011.
- Tier 5: Employees eligible for enrollment after June 27, 2011.

Tier 1 and 2 employees must earn a base salary of $1,500 or more to enroll in the plan. Pensionable salaries are limited to the IRS maximum salary compensation limits for Tier 1 employees and social security maximum wage for Tier 2 employees. Tier 2 employees earning over the social security maximum wage are eligible to participate in DCRP for the excess amount. Tier 1 and 2 employees who retire at or after age 60 are entitled to a retirement benefit determined by the formula "years of service" divided by 55 times the average of the highest three years salary.

Tier 3 employees must earn a base salary that is annually adjusted. For the years ended December 31, 2012 and 2011 this base salary amount was $7,800 and $7,700, respectively. Employees earning between $5,000 and the Tier 3 minimum base salary are eligible for participation in DCRP. Pensionable salaries are limited to the social security maximum wage. Employees earning over the social security maximum wage are eligible to participate in DCRP for the excess amount. Employees who retire at or after age 62 are entitled to a retirement benefit determined by the formula "years of service" divided by 55 times the average of the highest three years salary.

NOTE F. RETIREMENT SYSTEMS AND DEFERRED COMPENSATION (continued)

STATE-MANAGED PENSION PLANS – PERS (continued)

Tier 4 and 5 employees do not have a minimum salary requirement to enroll, but must work a minimum of 32 hours per week. Employees not meeting the minimum hour requirement but that make over $5,000 are eligible to enroll in DRCP. Pensionable salaries are limited to the social security maximum wage. Employees earning over the social security maximum wage are eligible to participate in DCRP for the excess amount. Employees who retire at the minimum age; 62 and 65 for Tier 4 and Tier 5, respectively, are entitled to a retirement benefit determined by the formula "years of service" divided by 60 times the average of the highest five years salary.

Each of the 5 Tiers have eligibility requirements and benefit calculations which vary for deferred retirements, early retirements, veteran retirements, ordinary disability retirements and accidental disability retirements. There is no minimum service requirement to receive the pension benefits outlined above. However, in order to receive state-paid insurance coverage upon retirement, a minimum of 25 years of service is required for employees in Tiers 1 through 4 and a minimum of 30 years of service is required for employees in Tier 5.

STATE-MANAGED PENSION PLANS – PERS (PROSECUTORS PART)

Chapter 366, P.L. 2001, established a special Prosecutors Part within the Public Employees' Retirement System (PERS), effective January 7, 2002. Chapter 1, P.L. 2010, closed the Prosecutors Part of the PERS to new members as of May 21, 2010. Prosecutors who were enrolled on or before May 21, 2010, remain members of the Prosecutors Part of the PERS, provided that they continue in eligible prosecutor service. Prosecutors taking office after May 21, 2010, will be enrolled as "regular" Tier 4 members of the PERS - except that a County Prosecutor who is appointed by the Governor with the advice and consent of the Senate will be enrolled in the Defined Contributions Retirement Program (DCRP) or regular PERS if a Tier 1 PERS member continuously since July 1, 2007.

NOTE F. RETIREMENT SYSTEMS AND DEFERRED COMPENSATION (continued)

STATE-MANAGED PENSION PLANS – PFRS

The PFRS was established in July, 1944, under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police and firefighters and state police appointed after June 30, 1944. Membership is mandatory for such employees with vesting occurring after 10 years of membership. Significant modifications to enrollment, benefits and eligibility for benefits under the plan were made in 2010 and 2011. These changes resulted in various "tiers" which distinguish period of eligibility for enrollment. The delineation of these tiers is noted below:

- Tier 1: Employees enrolled before May 22, 2010.
- Tier 2: Employees enrolled after May 21, 2010 but before June 29, 2011.
- Tier 3: Employees enrolled after June 28, 2011.

Tier 1, 2 and 3 employees do not have a minimum salary requirement to enroll. Pensionable salaries are limited to the social security maximum wage for Tier 2 and 3 employees and 'federal pensionable maximum' for Tier 1 employees. Employees earning over the social security maximum wage are eligible to participate in DCRP for the excess amount. Employees who retire either at or after the age of 55 are entitled to a retirement benefit dependent on years of service. In addition, Tier 1 employees can retire with 20 years of service with no minimum age requirement.

If the employee retires with less than 20 years of service, the benefit is calculated as 2% times the final compensation* times years of service. If the employee retires with more than 20 but less than 25 years of service, the benefit is calculated as 50% of final compensation*. If the employee retires with more than 25 but less than 30 years of service, the benefit is calculated as 60% of the final compensation* salary plus 1% times final compensation* for each year between 25 and 30. If the employee retires with at least 30 years of service, the benefit is calculated as 2% times the final compensation* times years of service plus 1% of final compensation* for each year over 30. In addition, if a Tier 1 employee retires at age 65 with 20 or more years of service, the benefit is calculated as 50% of the final compensation* plus 3% of the final compensation* times the number of years served over 20, to a maximum of 25.

***Note:** "Final Compensation" refers to the final 12 months of pensionable salary for Tier 1 employees and the average of the highest three years of pensionable salary for Tier 2 and 3 employees.

NOTE F. RETIREMENT SYSTEMS AND DEFERRED COMPENSATION (continued)

STATE-MANAGED PENSION PLANS – GENERAL

The State established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The State or local government employers do not appropriate funds to SACT.

The State also administers the Pension Adjustment Fund (PAF) which provides cost of living increases, equal to 60 percent of the change in the average consumer price index, to eligible retirees in all State-sponsored pension systems except SACT. The cost of living increases for PFRS and PERS are funded directly by each of the respective systems and are considered in the annual actuarial calculation of the required State contribution for that system.

According to state statutes, all obligations of PERS and PFRS will be assumed by the State of New Jersey should the PERS and PFRS be terminated.

The State of New Jersey issues publicly available financial reports that include the financial statements and required supplementary information of the PERS and PFRS. This report may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

STATE-MANAGED PENSION PLANS – CONTRIBUTIONS

The contribution policy for PFRS and PERS is set by laws of the State of New Jersey, and requires contributions by active members and their employers. Plan member and employer contributions may be amended by legislation of the State of New Jersey. Contributions made by employees to for the previous three years are as follows:

Summary of Employee Contributions

Year Ended		As a Percentage of Base Wages			Amount	
			PERS			PERS
		PFRS	Prosecutor	Regular	PFRS	Inc. Prosecutor
Dec. 31, 2012	(1)	10.00%	10.00%	6.64%	$ 4,905,509.60	$ 5,900,926.67
Dec. 31, 2011	(2)	10.00%	10.00%	6.50%	4,205,171.55	5,230,372.94
Dec. 31, 2010		8.50%	8.50%	5.50%	4,007,955.49	5,014,430.23

(1) 2012 rates for PERS were 6.5% until July, 2012, after which the rates noted above took effect.
(2) 2011 rates for PFRS, Prosecutors PERS and PERS were 8.5%, 8.5% and 5.5%, respectively, until the first payroll in October, 2011, after which the rates noted above took effect.

NOTE F. RETIREMENT SYSTEMS AND DEFERRED COMPENSATION (continued)

Employers are required to contribute at an actuarially determined rate in all three systems. During the previous three years, the County made the following contributions:

	County PFRS Contribution		County PERS Contribution		County CPFPF Contribution	
Year Ended	Paid or Charged	As a Percentage of Covered Payroll	Paid or Charged	As a Percentage of Covered Payroll	Paid or Charged	As a Percentage of Covered Payroll
Dec. 31, 2012	$ 11,419,115.00	23.3%	$ 9,917,821.62	11.3%	$ 61,938.23	n/a
Dec. 31, 2011	12,795,248.02	27.0%	9,417,534.41	10.7%	65,789.23	n/a
Dec. 31, 2010	9,777,318.00	20.7%	7,069,587.56	8.0%	138,814.01	n/a

STATE-MANAGED PENSION PLANS – PENSION DEFERRAL

Legislation, known as Chapter 19 of the Public Laws of 2009 (P.L. 2009, c. 19), was enacted and effective on March 17, 2009 allowing for an adjustment in the contributions that local employers, such as the County, must make to the PERS and PFRS during the year ended June 30, 2009. Under this legislation, local governments were given the option to defer exactly 50% of their required pension contribution as certified by the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits or pay the full amount of the required contribution for the year ended June 30, 2009.

The County elected the 50% deferral. Under the terms of the pension deferral the County is obligated to commence repayment of the entire deferral in 15 amortized annual installments, commencing with the year ended December 31, 2012. These payments will be added to the regular pension bills.

The County has elected to pay the entire deferral of PFRS contributions, $3,969,477.50, through its 2009 appropriation reserves during the year ended December 31, 2010. In addition, the County has reserved $1,345,000 from the 2009 appropriations as a contract payable towards the future payment of the PERS deferral.

NOTE F. RETIREMENT SYSTEMS AND DEFERRED COMPENSATION (continued)

DEFINED CONTRIBUTION RETIREMENT PROGRAM

The Defined Contribution Retirement Program (the "DCRP"), was established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. It provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage.

Individuals eligible for membership in the DCRP include (a) state or local officials elected or appointed on or after July 1, 2007, (b) employees enrolled in PERS on or after July 1, 2007 or PFRS after May 21, 2010 who earn salary in excess of established maximum compensation limits and (c) employees otherwise eligible for PERS on or after November 2, 2008 or PFRS after May 21, 2010 that do not earn below the minimum PFRS or PERS salary but more than $5,000 annually. Participation in DCRP can be irrevocably waived if an official earns less than $5,000.

Vesting occurs upon commencement of the third year of membership. Should the vesting period not be reached, contributions will be refunded to the appropriate contributing parties. Employer matching contributions and earnings are only available after the age of 55. Distributions render the member retired and ineligible for future participation in any State-administered plans. Otherwise, distributions are available at any time as lump sum, fixed term or life annuity.

Members are covered by employer-paid life insurance in the amount of 1 ½ times the annual base salary on which DCRP contributions was based. Members are also eligible for employer-paid long-term disability coverage after one year of participation. Eligibility occurs after six consecutive months of total disability. Members would receive a regular monthly income benefit up to 60% of the base salary on which DCRP contributions were based during the 12 months preceding the onset of the disability, offset by any other periodic benefit the member may be receiving. Benefits will be paid until the age of 70 so long as the member remains disabled and has not begun receiving retirement annuity payments.

The following table represents the County and employee contributions during the previous three years:

Year	Employee Contributions		County Contributions	
Ended	Amount	Rate	Amount	Rate
Dec. 31, 2012	$ 10,177.53	5.50%	$ 5,551.38	3.0%
Dec. 31, 2011	8,066.41	5.50%	4,399.86	3.0%
Dec. 31, 2010	4,558.84	5.50%	2,486.64	3.0%

NOTE F. RETIREMENT SYSTEMS AND DEFERRED COMPENSATION (continued)

COUNTY OF HUDSON EMPLOYEES PENSION FUNDS

The County administers the County Employees' Pension Fund and the Court Attendants' Pension Fund, which are contributory pension plans which are closed to new memberships. The County also awards non-contributory pensions by resolution of the Board of Chosen Freeholders for certain veterans and County employees who were not eligible to join other pension plans. The following is an analysis of pension contributions expended by the County for these plans expended in each of the last three years:

	2012	2011	2010
County Contributory Plans:			
County Employees' Pension Fund	$ 1,525,000.00	$ 1,525,000.00	$ 1,525,000.00
Court Attendants' Pension Fund	559,773.80	628,918.85	660,000.00
County Non-Contributory Plans:			
Non-Contributory County Pension Fund	2,123,058.71	1,968,378.22	1,700,000.00
Veterans' Pension Fund	8,858.64	628,918.85	30,000.00

DEFERRED COMPENSATION PLAN

The County has established a deferred compensation program for its employees under Section 457 of the Internal Revenue Code. The Plans are a tax-deferred supplemental retirement program that allows County employees to contribute a portion of their salaries, before federal taxes, to a retirement account. Contributions, or deferrals, are made through payroll deductions. Individuals are 100% vested. Distributions are not available to employees until termination, retirement, death, or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights are solely property and rights of the individual contributors and are not subject to the claims of the County's general creditors.

NOTE G. POST-EMPLOYMENT BENEFITS

The County contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the Program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/ substance abuse and Medicare part B reimbursements to retirees and their covered dependents.

NOTE G. POST-EMPLOYMENT BENEFITS (continued)

The SHBP was extended to employees, retirees and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. The County will pay the cost of Health Benefits Insurance for retirees and their dependents, if the retiree:

1. Receives retirement benefits from a state or locally administered retirement system; and
2. Has 25 or more years of service credited in that retirement system; or
3. Retired on an approved Disability Retirement (regardless of years of service).

Employees who do not qualify for County-paid Health Benefits insurance at retirement may be eligible to continue Health Benefits insurance at their own expense upon retirement. Employees who elect Deferred Retirement are not eligible for these benefits.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at: *www.state.nj.us/treasury/pensions.*

Funding Policy - Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an accrual basis.

Contributions to pay for health premiums of participating County retirees in the SHBP are billed to the County on a monthly basis. Payments are made through an annual appropriation in the line item "Insurance – Group Plans for Employees". The County contributions to SHBP for the years ended December 31, 2012, 2011 and 2010 were $8,853,811.51, $7,916,705.39 and $6,907,278.79, respectively, which equaled the required contributions for each year. There were approximately 850, 833 and 777 retired participants eligible at December 31, 2012, 2011 and 2010, respectively.

NOTE G. POST-EMPLOYMENT BENEFITS (continued)

Significant Legislation - Chapter 78, P.L. 2011, effective June 28, 2011, established new employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary. For those employed on or after June 28, 2011, the 4-year phase-in does not apply and contributions based on the full percentage rate of contribution are required. Under Chapter 78, certain future retirees eligible for employee-paid health care coverage at retirement will also be required to pay a percentage of the cost of their medical coverage determined on the basis of their annual retirement benefit.

Chapter 2, P.L. 2010, effective May 21, 2010, requires a minimum contribution of 1.5% of base salary toward the cost of health benefits coverage by all active public employees. Employees who become a member on or after the law's effective date would be required to pay in retirement 1.5% of their pension benefit toward the cost of health care coverage under the SHBP.

Post-Retirement Medical Benefits Contribution - P.L. 1990, c. 6 required PERS to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate funding of post-retirement medical benefits through PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees. As of June 30, 2012, there were approximately 94,000 retirees receiving post-retirement medical benefits, and the State contributed $935.5 million on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c. 62. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State sets the contribution rate based on a pay as you go basis and not on the *annual required contribution of the employers (ARC),* an amount actuarially determined in accordance with the parameters of the GASB Codification of OPEB. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The State's contributions to the State Health Benefits Program Fund for PERS retirees' postretirement benefits on behalf of the County was not determined or made available by the State of New Jersey.

NOTE G. POST-EMPLOYMENT BENEFITS (continued)

Funded Status and Funding Progress - As of July 1, 2011, the most recent actuarial valuation date, the State had an $12.4 billion unfunded actuarial accrued liability for other postemployment benefits (OPEB) for local employees and retirees that become the obligation of the State of New Jersey upon retirement.

The funded status and funding progress of the OPEB is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events in the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the OPEB in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at the point in time. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

Actuarial Methods and Assumptions - In the July 1, 2012, actuarial valuation, the projected unit credit was used as the actuarial cost method, and the market value was used as asset valuation method for the OPEB. The actuarial assumptions included 4.50 percent for investment rate of return for the OPEB.

NOTE H. COMPENSATED ABSENCES

County policy permits employees to carry over one year's accrued unused vacation days and to carry over all unused sick days. The maximum payment for unused sick days is $5,000. This payment is made only to employees eligible for retirement and is based upon one-third of their accumulated sick leave. Should an employee die after having met the age and service requirements for a regular pension, the compensation for unused sick leave will be paid to the employee's estate. As of December 31, 2012 and 2011, the total accumulated absence liability was $24,843,780.67 and $25,151,978.45, respectively. Under accounting principles prescribed for counties by the Division, such amount is not reported either as an expenditure or liability. The County pays for these costs on a pay-as-you-go basis and charges such costs to the Salaries and Wages line of the respective departments from which the costs derived.

NOTE I. RISK MANAGEMENT

Insurance Coverage

The County established a self-insurance program in accordance with New Jersey Statute Chapter 40:10-6. The Chapter enables the governing body of any local unit to create a fund to provide insurance coverage for its exposure to a wide variety of property casualty risks, including property damage caused to any of the unit's property, motor vehicles, equipment or apparatus; liability resulting from the use or operation of such motor vehicles, equipment or apparatus; liability for the unit's negligence, including that of its officers, employees and servants and workers' compensation obligations.

The County self-insures against such claims, including tort law suits, civil law suits, civil rights and worker's compensation. The County maintains a self-insurance fund, which at December 31, 2012 and 2011 held $3,142,930.60 and $2,679,664.86, respectively. The County contributed $7,674,000 and $9,500,000, respectively, to the fund during the years ended December 31, 2012 and 2011. The County has insured has obtained the following coverage:

- General liability, including automobile and workers' compensation with limits of $10,000,000 per occurrence and $20,000,000 aggregate after exhaustion of a retained limit of $500,000.
- Storage tank system and clean up policy for limits of $1,000,000 and $1,000,000 aggregate, including a deductible of $25,000 for each claim.
- Property and business interruption sub-policy claims for limits of $200,000,000 per occurrence with individual sub-policy claim limits.
- Surety bond coverage of $50,000 for various County officials and a $350,000 policy for the Chief Financial Officer.

Disaster Recovery

The County has prepared an internal disaster recovery plan in an effort to protect its financial processes and data in the event an unforeseen disaster should occur. Three external servers, each at a different location, are being maintained and updated daily. A fourth server and location are currently under construction. Daily activity is updated to the external servers daily. In addition, a software program has been integrated which synchronizes data on a daily basis for storage on the external servers, and a second program which can restore said data from the external servers should the need arise. In addition, ADP provides external storage for payroll data and provides disks to the County of such information.

NOTE J. FIXED ASSETS

The County had the following investment balance and activity in general fixed assets for and as of the year ended December 31, 2012.

	Balance December 31, 2011	Additions	Deletions	Balance December 31, 2012
Land	$ 98,697,326.00	$ -	$ -	$ 98,697,326.00
Buildings	233,736,776.60	19,774,704.31	-	253,511,480.91
Equipment, Vehicles and Furniture	63,404,985.28	4,074,562.71	638,375.00	66,841,172.99
Total	$ 395,839,087.88	$ 23,849,267.02	$ 638,375.00	$ 419,049,979.90

In accordance with accounting practices prescribed by the Division, and as further detailed in Note A, no depreciation has been provided for and fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

NOTE K. INTERFUND TRANSACTIONS

The County has various transactions by and between its individual funds. Certain accounts of the Trust and Capital Funds earn interest which is required to be recorded as revenue in the Current Fund budget. Other transactions include budget appropriations in the Current Fund which are required to be turned over to the Federal and State Grant, Trust and Capital Funds. All these transfers are routine and are consistent with the activities of the funds making the transfers.

NOTE L. COMMITMENTS AND CONTINGENCIES

CAPITAL LEASE PROGRAM OBLIGATIONS

Hudson County Lease-Purchase Agreement (Correctional Facility) - In connection with a New Jersey Superior Court-ordered construction of a correctional facility within the County, the County entered into a lease-purchase agreement with Hudson County Funding Company, Inc. (HCFC) on November 1, 1988 to fund the construction of the facility. The term of the agreement was from November 1, 1988 to December 1, 2021. Concurrent with the signing of the agreement with HCFC, the County arranged for the issuance of $104,500,000 in Certificates of Participation. The Certificates represented proportionate interests in the rental payments to be made by the County to HCFC with principal payments commencing in 1992 and interest payments commencing in 1989. The lease-purchase agreement was amended on July 1, 1990 with the term of the agreement becoming effective July 1, 1990 to December 1, 2021.

NOTE L. COMMITMENTS AND CONTINGENCIES (continued)

CAPITAL LEASE PROGRAM OBLIGATIONS (continued)

Additional Certificates of Participation in the amount of $19,100,000 were concurrently issued with principal payments commencing in 1992 and interest payments commencing in 1990.

On April 1, 1992, the 1988 and 1990 series Certificates of Participation were refinanced and replaced with the issuance of $135,635,000 series 1992 Refunding Certificates of Participation, which in turn were replaced **o**n May 15, 2002 via the "Forward Certificate Purchase Contract" with the issuance of $118,915,000 series 2002 Refunding Certificates of Participation. The term of the 2002 series Refunding Certificates of Participation is from May 15, 2002 to December 1, 2021.

In addition to the Lease-Purchase Agreements for the initial project as described above, the County entered into a Lease-Purchase Agreement with AGH Leasing, Inc. on September 1, 1998 to fund the construction of a new dormitory housing facility, kitchen facility and related upgrades for the expansion.

On June 22, 2000, the County authorized $31,000,000 to finance the additional costs of the project. Of the $31,000,000 authorized, the County, on December 15, 2002, issued $25,220,000 in Series 2002A Certificates of Participation relating to this Agreement. The Certificates represent proportionate interests in the rental payments to be made by AGH Leasing, Inc. Principal payments commenced December 1, 2005 and continue annually through 2012 for the serial portion, and will then be applied annually from December 1, 2013 through 2021 for mandatory sinking fund payments. Interest is paid semiannually, and commenced June 1, 2005. Capitalized interest of $2,078,574.33 was paid upon issuance, covering the semiannual dates preceding June 1, 2005.

On April 30, 2004, the County issued $5,780,000 in Series 2004 Certificates of Participation, representing the balance of the $31,000,000 debt authorized to finance the project described in the above paragraph. Principal payments commenced December 1, 2005 and continue annually through 2016 for the Serial portion, and will then be applied annually from December 1, 2017 through 2021 for mandatory sinking fund payments. Interest is paid semiannually, and commenced December 1, 2005. Capitalized interest of $245,014.88 was paid upon issuance, covering the semiannual dates preceding December 1, 2005.

Hudson County Lease -1992 Facility Lease Revenue Bonds - On December 1, 1992, the HCIA issued Facility Lease Revenue Bonds (the 1992 Bonds) in the aggregate principal amount of $112,700,000. The 1992 Bonds were issued to provide funds for (a) the costs of acquisition, construction, installation and equipping of: (i) a 590-bed long-term care facility to be located in the County; (ii) a 66-bed youth house facility; (iii) a police and fire training academy; and (iv)other public facilities to be provided to and used by the County, including County administrative offices (the facilities described in items (i) through (iv) are collectively referred to as the 1992 Facilities) for lease to the County; (b) funding capitalized interest on the 1992 Bonds; and (c) the payment of costs of issuing the 1992 Bonds.

In connection with the issuance of the 1992 Bonds by the HCIA, the HCIA and the County entered into a lease agreement providing for, among other things, the lease of the real property and the construction thereon of the 1992 Facilities by the HCIA, and upon acquisition, construction, installation or equipping of the 1992 Facilities, the payment of rental payments to the HCIA by the County for the County's lease of the 1992 Facilities.

The construction and equipping of the new 590-bed long term care facility (hereafter referred to as the New Hospital Facility) was planned to combine the operations at both the Meadowview Nursing Center and the B.S. Pollak Hospital (together, the Hospitals). The Hospitals were acquired and improved by the Authority with the proceeds of the 1992 Bonds and leased back to the County.

NOTE L. COMMITMENTS AND CONTINGENCIES (continued)

CAPITAL LEASE PROGRAM OBLIGATIONS (continued)

In 1996 the construction of the New Hospital Facility was discontinued and the County and the HCIA determined to transfer the operation, and ultimately the ownership, of the Hospitals to Progressive Health Care of Hudson County Inc. (Progressive), a private company, pursuant to a lease and purchase agreement (the Transfer Agreement). The conveyance of the Hospitals to Progressive resulted in private use of the Hospitals.

In a Letter Ruling dated November 19, 1996 (the Letter Ruling), the IRS determined that in order to effectuate the transfer of the Hospitals to Progressive without adverse tax consequences, the HCIA would be required to make a tender offer to holders of $26,735,000 of the 1992 Bonds, and defease any of the 1992 Bonds for which the tender offer was made but which were not acquired in the tender offer with moneys other than tax-exempt bond proceeds, at a rate restricted to the yield on the 1992 Bonds.

On February 14, 1997, the HCIA received and accepted for purchase $21,360,000 of the 1992 Bonds. The HCIA defeased its 1992 Bonds in accordance with the IRS Letter ruling. The HCIA used a portion of the 1997 Bonds to (i) pay the tender price to the holders of the Tendered Bonds and (ii) defease the bonds.

On August 1, 1998, the HCIA issued $91,575,000 of Facility Lease Revenue Refunding Bonds. The series 1998 Bonds were issued to advance refund all of the HCIA's outstanding $85,635,000 1992 bonds and pay the costs of issuance of the series 1998 Bonds.

The series 1998 bonds are direct and special obligations of the authority payable from and secured by the revenues of the HCIA which are derived from lease of facilities to the County (from County Rental Payments); investment income from related funds; and other related monies, securities and funds. The following is an analysis of amended lease payments to be made by the County through maturity:

Hudson County Improvement Authority - 1996 Facility Lease Taxable Revenue Bonds - On December 24, 1996, the HCIA issued Facility Lease Taxable Revenue bonds in the aggregate principal amount of $29,660,000 (Administrative Building Projects, Series 1996, hereinafter referred to as the 1996 Bonds). The Bonds were determined to be taxable by an IRS ruling, because the facility was being used as a private-use facility (hospital). The 1996 Bonds are special obligations of the HCIA payable from and secured by Revenues which are derived from the lease of the Facility to the County and investment income derived from funds held under the Resolution.

The 1996 Bonds were issued to provide funds for (a) the costs of the purchase from the County of the land and improvements thereupon located at 595 Newark Avenue in the City of Jersey City, County of Hudson, New Jersey, being more commonly known as the County Administration Building (hereinafter, the Facility), (b) the costs of additions, enlargements, improvements and expansions to, or repairs, reconstruction and restorations of the Facility, and (c) the payment of the costs of issuing the 1996 Bonds.

Upon acquisition of the facility, the HCIA leased the Facility back to the County for use pursuant to the terms of an agreement entitled Lease and Agreement between County of Hudson, New Jersey and Hudson County Improvement Authority, dated as of December 1, 1996, (the Lease Agreement).

Under the terms of the Lease Agreement, the County is required to make rental payments to the HCIA sufficient, among other things, to pay or provide for the payment of debt service on the 1996 Bonds as well as certain expenses of the HCIA and the Trustee relating to the 1996 Bonds and the Facility.

The obligation of the County to make rental payments and to pay other amounts which are provided for in the Lease Agreement and to perform its obligations hereunder are absolute and unconditional, and such Rental Payments and other amounts shall be payable without rights of set-off, recoupment or counterclaim the County might have against the HCIA, the Trustee or any other person and whether or not the Facility is used or available for use by the County. The County is required to make the Rental Payments out of the first funds becoming legally available to the County for this purpose and to provide funds for such payments to the HCIA, if not otherwise available, from the levy of ad valorem taxes upon all the taxable real property in the County without limitation as to rate or amount.

Lincoln Park Golf Course Project – The County also entered into a lease agreement with the HCIA as part of an agreement regarding the financing of the Lincoln Park Golf Course Project. Refer to Note D "County-Guaranteed Debt" for further description of the matter.

SUBSIDY OF RECOVERY ZONE BONDS

During the year ended December 31, 2011, the County issued General Obligation Recovery Zone Economic Development Bonds in the amount of $20,700,000. By designating the Bonds as "Recovery Zone Economic Development Bonds," the County, through the HCIA, will receive cash subsidy payments from the United States Treasury equal to 45 percent of the interest payable on the Bonds on each interest payment date. Over the course of the bonds, through maturity in 2030, the County is due to receive $7,701,988.81 in subsidies in support of interest payable.

As part of the American Recovery and Reinvestment act, the City was to receive Federal subsidy payments equal to 45% of the interest payments on Recovery Zone Bonds. Due to the subsequent events of sequestration, the aggregate reduction in subsidy payments for these bonds will be 8.7% of the Federal amount budgeted for such payments, but the reduction in any specific subsidy payment to be received remains unclear. It is unclear whether the impacts of the recent Federal Government shutdown will involve further cuts on the bonds.

GRANT PROGRAMS

The County participates in several federal and state financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditures of funds for eligible purposes. The state and federal grants received and expended in the years ended December 31, 2012 and 2011 were subject to OMB Circular A-133 and State of New Jersey OMB Circular 04-04 which mandates that grant revenues and expenditures be audited in conjunction with the County's annual audit. In addition, these programs are also subject to compliance and financial audits by the grantors or their representatives. These grantor agencies reserve the right to conduct additional audits of the County's grant programs for economy, efficiency and program results. As a result of these audits, costs previously reimbursed could become disallowed and require repayment by the County to the grantor agency. As of December 31, 2012 and 2011, the County does not believe that any material liabilities will result from such audits.

NOTE L. COMMITMENTS AND CONTINGENCIES (continued)

AFFORDABLE HOUSING

The State has passed legislation which would seize uncommitted affordable housing funds from municipalities. After rounds of appeals and court orders, the Appellate Division has ruled that the State can seize such funds, assuming proper notice and the ability for municipalities to contest the State's findings are provided. The extent of the County's Affordable Housing funds subject to seizure by the State, if any, is uncertain. As of December 31, 2012 and 2011, the County had balances of $583,184.19 and $583,148.31, respectively, in its Affordable Housing Utility Operating and Capital Funds.

ARBITRAGE REBATE

The County is subject Section 148 of Internal Revenue Code, which was enacted to minimize the arbitrage benefits from investing gross proceeds of tax-exempt bonds in higher yielding investments and to remove the arbitrage incentives to issue more bonds, to issue bonds earlier, or to leave bonds outstanding longer than is otherwise reasonably necessary to accomplish the governmental purposes for which the bonds were issued. The County has obtained outside professional services to calculate and monitor the arbitrage requirements for certain bond issues. At December 31, 2012 and 2011 the County has reserved $2,450,000 to meet potential arbitrage requirements.

LITIGATION

The County is a defendant in various lawsuits, none of which is unusual for a county of its size and should be adequately covered by the County's insurance program, defense program or by the County directly and which may be settled in a manner satisfactory to the financial stability of the County. The County self-insures and also carries excess insurance for all lines of coverage as described in Note I to the financial statements. It is anticipated that any judgments in excess of insured coverage would be paid by the County through future taxation or future debt borrowing.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Chairman and Members
of the Board of Chosen Freeholders
County of Hudson, New Jersey

We have audited , in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") the accompanying financial statements – regulatory basis of the County of Hudson, New Jersey (the "County"), which comprise the comparative balance sheet – regulatory basis, of each fund and account group as of December 31, 2012 and 2011, and the related comparative statement of operations and changes in fund balance – regulatory basis, of each fund, and the statement of revenues – regulatory basis and statement of appropriations – regulatory basis, of the Current Fund and Affordable Housing Utility Operating Fund, for the years then ended, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated October 22, 2013. Our report includes a reference to other auditors who audited the financial statements of the Hudson County Division of Welfare as described in our report on the County's financial statements. This report includes our consideration of the results of other auditor's testing of internal control over financial reporting and compliance and other matters that are reported on separately by those other auditors. However, this report, insofar as it relates to the results of other auditors, is based solely on the reports of other auditors.

As described in Note A, the County prepares its financial statements on a basis of accounting prescribed by the Division that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than account principles generally accepted in the United States of America.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purposes of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion of the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we and other auditors identified certain deficiencies in internal control that we and other auditors consider to be material weaknesses.

A *deficiency in internal* control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. We and other auditors consider the deficiencies described in the accompanying schedule of findings and questioned costs, Findings 12-01 and 12-02, to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we and other auditors performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests and the tests of other auditors disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted additional instances of noncompliance which are required to be reported under audit requirements prescribed by the Division, and which are described in the accompanying comments and recommendations section of this report.

The County's Response to Findings

The County's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04

To the Honorable Chairman and Members
of the Board of Chosen Freeholders
County of Hudson, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the County of Hudson, New Jersey's (the County's) compliance with the types of compliance requirements described in the *U.S. OMB Circular A-133 Compliance Supplement* and the *N.J. OMB State Grant Compliance Supplement* that could have a direct and material effect on each of the County's major federal and state programs for the year ended December 31, 2012. The County's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal and state programs based on our audit of the types of compliance requirements referred to above. Other auditors audited the compliance of the Hudson County Division of Welfare. This report includes our consideration of the results of other the other auditor's testing of compliance with the requirements of laws, regulations, contracts and grants applicable to each of the Hudson County Division of Welfare's major federal and state programs that are reported on separately by those auditors. However, this report, insofar as it relates to the results of the other auditors, is based solely on the reports of other auditors. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States; U.S. OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and N.J. OMB Circular 04-04, *Single Audit*

Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, U.S. OMB Circular A-133 and N.J. OMB Circular 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal and State Program

In our opinion, based on our audit and the report of other auditors, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2012.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with U.S. OMB Circular A-133 and N.J. OMB Circular 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies or material weaknesses and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or

state program will not be prevented, or detected and corrected, on a timely basis. We and other auditors consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as Findings 12-01 and 12-02, to be material weaknesses.

The County's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of U.S. OMB Circular A-133 and N.J. OMB Circular 04-04. Accordingly, this report is not suitable for any other purpose.

COUNTY OF HUDSON
NOTES TO SCHEDULES OF EXPENDITURES OF
FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE A. GENERAL

The County of Hudson, New Jersey (the "County"), received and continues to participate in numerous federal award and state financial assistance programs, in the form of grant cost reimbursements and revenue sharing entitlements. The County is the reporting entity for the grant programs received. Administration of the grant programs is performed by the various departments and outside offices of the County.

Accounting functions for the grants are performed by the County's Department of Finance and Administration. Grant and program cash funds may be commingled with the County's other funds provided each grant is accounted for separately within the County's financial records.

Reporting

The accompanying schedules of expenditures of federal awards and state financial assistance present the activity of all federal and state programs of the County. All federal awards received directly from federal agencies or passed through other government agencies are included on the schedule of expenditures of federal awards. All state awards received directly from state agencies or passed through other government agencies are included on the schedule of expenditures of state financial assistance.

The information in these schedules is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations* and the provisions of the New Jersey OMB Circular Letter 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments*. Federal awards provided to sub-recipients are treated as expenditures when paid.

NOTE B. BASIS OF ACCOUNTING

The accounting policies of the County conform to the accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the County accounts for federal awards and state financial assistance through the following accounting practices which differ from those required by accounting principles generally accepted in the United States of America.

NOTE B. BASIS OF ACCOUNTING (continued)

The County, in accordance with the Division's directive, fully realizes revenues and charges appropriations when grants are adopted by the governing body in the budget of the Current Fund. The revenues are charged and the receivable accounted for in the Federal and State Grant Fund. Appropriations are charged and the amount allotted for spending is accounted for as an appropriated reserve. Programs within the General Capital Fund and various Trust Funds are accounted for within the equivalent revenue and appropriation (or reserve) accounts for those respective funds. Expenditures are measured from payments charged directly to specific grant programs.

Local Contributions - Local matching contributions are required by certain federal and state grants. The amount or percentage of matching contributions varies with each program. Local matching contribution are raised in the Current Fund budget.

NOTE C. REPORTING ENTITY

The County, for purposes of the schedules of expenditures of federal awards and state financial assistance, includes all of the primary government as defined criteria established by the Governmental Accounting Standards Board.

NOTE D. PASS-THROUGH AWARDS

The County receives certain federal awards from pass-through awards of the state. The amounts received are commingled by the state with other funds and cannot be separately identified.

NOTE E. CONTINGENCIES

Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable laws and regulations. Federal and state grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors.

NOTE F. MONITORING OF SUB-RECIPIENTS

Under the requirements of the Single Audit Act and State regulations, if the County, as a primary recipient, receives federal and state financial assistance and provides $500,000 or more of such assistance to a sub-recipient in a fiscal year, the County is responsible for determining that the expenditures of federal and state monies passed through to sub-recipients are utilized in accordance with applicable laws and regulations.

NOTE G. OTHER REPORTING REQUIREMENTS

Law Enforcement Trust Fund

The Hudson County Prosecutor's Office submits an annual financial report of the Law Enforcement Trust Fund (the "LETF") pursuant to the specific requirements by its oversight federal and state agencies. Included in the LETF are the proceeds of fund sharing from the federal and state agencies that are pooled with forfeitures obtained by the Office of the Prosecutor and local law enforcement agencies. The LETF is included in the County's Trust Fund.

Hudson County Division of Welfare

Certain grant programs noted in the schedules of expenditures of federal awards and state financial assistance are administered by the Hudson County Division of Welfare (the "agency"). Under criteria established by GASB, the agency is a component unit of the County. However, under accounting practices prescribed by the Division, the financial statements of the agency are not included with the County. All such programs are noted in the schedules of expenditures of federal awards and state financial assistance with the header "Hudson County Division of Welfare" and are also marked with the notation "(1)".

The financial statements of the agency have been prepared in accordance with the County Welfare Agency Accounting Manual, Ruling 12, published by the State of New Jersey, Department of Human Services, Division of Family Development. The accounting practices prescribed is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting revenues and expenditures are recorded on a cash basis.

In addition, Assistance Fund transactions after the first of each month are reflected in the subsequent month's activity. The Assistance Fund report reflects financial activity in each year for the period of December 2 of the prior year through December 1 of the Current Year.

The expenditures of the agency's federal awards and state financial assistance represent 60 percent and 50 percent, respectively, of the total expenditures noted in the County's schedule of expenditures of federal awards and schedule of expenditures of state financial assistance. Those federal and state programs administered by the agency were audited by auditors other than the auditors of the County.

Section II - Schedule of Financial Statement Findings

(This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with Chapter 5.18 of Government Auditing Standards.)

Finding 12-01: Material Weakness
Hudson County Division of Welfare (the "Agency")

Criteria: In accordance with Ruling 12, all reports must be reviewed for accuracy.

Condition: Internal controls associated for the reporting of financial statements were deficient in many aspects:

- Reports WNFJ 205 and CSP 106 reflected the wrong beginning balances.
- Inadequate monitoring, analysis and surveillance of various accounts related to receipts, disbursements and actual opening and closing balances.
- Inconsistent disbursement of prior month receipts related to Child Support and Paternity Fund was evidenced for many months.
- No written evidence that bank reconciliations for all funds are being reviewed and approved.

Effect: Accounts may be inaccurate in amount and presentation.

Cause: The cause could not be readily determined.

Recommendation: The agency should develop and maintain detailed written procedures on the preparation of the various financial reports and associated bank reconciliation of all funds ensuring that the work is prepared by an individual, reviewed by a superior and approved by management.

Section II - Schedule of Financial Statement Findings (continued)

Finding 12-02: Material Weakness
Hudson County Division of Welfare (the "Agency")

Criteria: Good internal control requires that bank balances be monitored to prevent deficit balances.

Condition: The Agency was not properly monitoring cash balances within the respective bank accounts.

Effect: The bank automatically transferred $310,758 from the Reach account to the Administration Fund to cover the deficit balance. Further, the cash balances were misstated.

Cause: The cause could not be readily determined.

Recommendation: The Agency should monitor all cash accounts for adequate funding and also it should initiate a monthly fund variance analysis report by fund containing an explanation of significant variances.

Section III – Schedule of Federal Awards and State Financial Assistance – Findings and Questioned Costs

(This section identifies audit findings required to be reported by section .510(a) of Circular A-133 and New Jersey OMB Circular 04-04.)

Finding 12-01: (repeated from Section II in accordance with A-133 .505 (d)(3)(ii))
Material Weakness in Internal Control - Reporting

Hudson County Division of Welfare (the "Agency")

- U.S. Department of Health and Human Services
  Temporary Assistance to Needy Families – CFDA No. 93.558
- N.J. Department of Human Services, Division of Family Development
  WFNJ General Assistance (G.A.) – State Grant No. 100-054-7550-121

Criteria: In accordance with Ruling 12, all reports must be reviewed for accuracy.

Condition: Internal controls associated for the reporting of financial statements were deficient in many aspects:

- Reports WNFJ 205 and CSP 106 reflected the wrong beginning balances.
- Inadequate monitoring, analysis and surveillance of various accounts related to receipts, disbursements and actual opening and closing balances.
- Inconsistent disbursement of prior month receipts related to Child Support and Paternity Fund was evidenced for many months.
- No written evidence that bank reconciliations for all funds are being reviewed and approved.

Questioned Costs: None.

Effect: Accounts may be inaccurate in amount and presentation.

Cause: The cause could not be readily determined.

Finding 12-01: (repeated from Section II in accordance with A-133 .505 (d)(3)(ii)) (continued)

Recommendation: The agency should develop and maintain detailed written procedures on the preparation of the various financial reports and associated bank reconciliation of all funds ensuring that the work is prepared by an individual, reviewed by a superior and approved by management.

Views of Responsible Officials of the County:
Please note that the Fiscal Officer began work in 2012 and our review of operations and employee assignments caused many Corrective Actions and changes in assignments and processes. We acknowledge that the 205 Report figures were changed by accountants when income was revised or identified. However, that staff failed to notify the Fiscal Officer of these changes so that his State reported figures were incorrect. Upon receipt of the information, all 2012 reports were pulled, compared and revised, and then corrected for 2012 up to and including May 2013. This continues to date, under supervision.

Directives were issued to staff to immediately report any changes in financial information affecting these and all reports generated by Mr. Marin so that the State reports are "correct". This was done by, and effective, May 2013 and the corrections were presented to the Auditors prior to their departure.

Finding 12-02: (repeated from Section II in accordance with A-133 .505 (d)(3)(ii))
Material Weakness in Internal Control – Cash Management

Hudson County Division of Welfare (the "Agency")

- U.S. Department of Health and Human Services
  Temporary Assistance to Needy Families – CFDA No. 93.558

Criteria: Good internal control requires that bank balances be monitored to prevent deficit balances.

Condition: The Agency was not properly monitoring cash balances within the respective bank accounts.

Section III – Schedule of Federal Awards and State Financial Assistance – Findings and Questioned Costs (continued)

Finding 12-02: (repeated from Section II in accordance with A-133 .505 (d)(3)(ii)) (continued)

Questioned Costs: None.

Effect: The bank automatically transferred $310,758 from the Reach account to the Administration Fund to cover the deficit balance. Further, the cash balances were misstated.

Cause: The cause could not be readily determined.

Recommendation: The Agency should monitor all cash accounts for adequate funding and also it should initiate a monthly fund variance analysis report by fund containing an explanation of significant variances.

Views of Responsible Officials of the County:
Again, the Fiscal Officer had begun his familiarization with the Agency's Fiscal Operation and staff. This included problems caused by the retirement of the previous Fiscal Officer and inadequacy of an interim Fiscal person.

The Agency's request for State TANF Funds was insufficient, which then caused a shortage of County Match. Therefore, the shortage of both funding streams caused the incorrect usage of the REACH funds by the bank. Please note the findings in Section 12-1 also contributed to 12-2.

Our Fiscal Department, via Corrective Action, in Findings 12-1 and 12-2, as well as the Agency's requests for adequate State TANF funds and County Match, balanced its finances and returned all REACH funds to the REACH Account. All conditions giving rise to this problem were corrected and resolved prior to July 2013 and reported to the State Auditing staff while they were still assigned to our office.

REPORT OF AUDIT

GENERAL SECTION

County of Hudson
2012

CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED PER N.J.S.A. 40A:11-3 AND 11-4 ET. SEQ.

N.J.S.A. 40A:11-3 states "When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of $17,500, the contract may be awarded by a purchasing agent or other employee so designated by the governing body when so authorized by ordinance or resolution, as appropriate to the contracting unit, without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If a purchasing agent has been appointed, the governing body of the contracting unit may establish that the bid threshold may be up to $25,000 or the threshold amount adjusted by the Governor pursuant to subsection c. of this section. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section."

The current threshold amount as adjusted by the Governor is $36,000. The County has appointed a Qualified Purchasing Agent and has passed a resolution raising its bid threshold to the maximum allowable amount of $36,000.

N.J.S.A. 40A:11-4 states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

The governing body of the County has the responsibility of determining whether the expenditures in any category will exceed $36,000 within the fiscal year. Where questions arise as to whether any contract or agreement might result in a violation of the Statute, the opinion of County Counsel should be sought before a commitment is made.

CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED PER N.J.S.A. 40A:11-3 AND 11-4 ET. SEQ.

Inasmuch as the system of records did not provide for an accumulation by categories of payments for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not be reasonably ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of $36,000, "for the performance of any work, or the furnishing of any materials, supplies or labor, or the hiring of teams or vehicles," other than those for which bids had been previously sought by public advertisements or for which a resolution had been previously adopted under the provision of N.J.S.A. 40A:11-6.

CONTRACTS AND AGREEMENTS EXCEPTED FROM PUBLIC ADVERTISEMENT FOR BIDS PER N.J.S.A. 40A:11-5, et seq., 40A:11-6.1(b) AND 40A:11-12

N.J.S.A. 40A:11-12 states: “Any contracting unit under this act [the County] may without advertising for bids, or having rejected all bids obtained pursuant to advertising therefore, purchase any goods or services under any contract or contracts for such goods or services entered into on behalf of the State by the Division of Purchase and Property in the Department of the Treasury.”

When utilizing state contracts, as the contracts are commonly referred to, the County is required to place its order with the vendor offering the lowest price, including delivery charges, that best meets the County’s requirements, and is also required to document such with specificity prior to placing the order.

CONTRACTS AND AGREEMENTS EXCEPTED FROM PUBLIC ADVERTISEMENT FOR BIDS PER N.J.S.A. 40A:11-5, et seq., 40A:11-6.1(b) AND 40A:11-12 (continued)

COUNTY OF HUDSON
GENERAL COMMENTS

DECEMBER 31, 2012

CONTRACTS AND AGREEMENTS EXCEPTED FROM PUBLIC ADVERTISEMENT FOR BIDS PER N.J.S.A. 40A:11-6, et seq.

Any contract may be negotiated or awarded for a contracting unit without public advertising for bids and bidding therefor, notwithstanding that the contract price will exceed the bid threshold, when an emergency affecting the public health, safety or welfare requires the immediate delivery of goods or the performance of services; provided that the awarding of such contracts is made in the following manner:

a. The official in charge of the agency wherein the emergency occurred, or such other officer or employee as may be authorized to act in place of that official, shall notify the purchasing agent, a supervisor of the purchasing agent, or a designated representative of the governing body, as may be appropriate to the form of government, of the need for the performance of a contract, the nature of the emergency, the time of its occurrence and the need for invoking this section. If that person is satisfied that an emergency exists, that person shall be authorized to award a contract or contracts for such purposes as may be necessary to respond to the emergent needs. Such notification shall be reduced to writing and filed with the purchasing agent as soon as practicable.
b. Upon the furnishing of such goods or services, in accordance with the terms of the contract, the contractor furnishing such goods or services shall be entitled to be paid therefor and the contracting unit shall be obligated for said payment. The governing body of the contracting unit shall take such action as shall be required to provide for the payment of the contract price.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "emergency contracts" per N.J.S.A. 40A:11-6 as follows:

- Bridge Repair
- Radiator Replacement on Emergency Generator
- Repair to Playground Apparatus
- Excavation / Replacement of Pipe
- Emergency Generators, Lights, Power Strips and Extension Cords (Sandy)
- Pipe Expansion Loop, Boiler and Excavation
- Various Vendors for Fuel (Sandy)
- Light Signals, Phase Cabinets, Traffic Controllers at Crucial Intersections (Sandy)

EXPENDITURE LESS THAN BID THRESHOLD, BUT 15% OR MORE OF THAT AMOUNT PER N.J.S.A. 40A:11-6.1

N.J.S.A. 40A:11-6.1 states: "For all contracts that in the aggregate are less than the bid threshold but 15 percent or more of that amount, except for paragraph (a) of subsection (1) of section 5 of P.L. 1971, c.198 (C.40A:11-5) concerning professional services and paragraph (b) of that subsection concerning work by employees of the contracting unit, the contracting unit shall award the contract after soliciting at least two competitive quotations, if practicable." The County advised us that quotations were, for the most part, solicited for items, the cost of which was $5,400 or more, within the terms of N.J.S.A. 40A:11-6.1.

CHANGE ORDERS EXCEEDING 20 PERCENT OF ORIGINALLY AWARDED CONTRACT PRICE

Change orders exceeding the originally awarded contract price by more than 20% are allowed only in limited instances. The authorization process requires a resolution of the governing body and an affidavit of publication for notice in an officially designated newspaper of the entity. The County has certified in its 2013 budget the following change orders which exceeded 20% of the originally awarded contract during 2012:

COUNTY OF HUDSON
COMMENTS AND RECOMMENDATIONS

DECEMBER 31, 2012

Finding 1: The County is required by N.J.A.C. 5:30-5.6 to establish and maintain a physical inventory of fixed assets of nonexpendable, tangible property. The County's master physical inventory listing is incomplete for assets acquired prior to 2006.

In an effort to comply with N.J.A.C. 5:30-5.6, the County has begun the process of reviewing acquisition and disposal records of prior years to update the fixed assets inventory. In addition, the County's recently upgraded accounting software provides added functions which the County feels will assist in fixed assets record management.

Recommendation: The County should establish and maintain a physical inventory of fixed assets as defined by N.J.A.C. 5:30-5.6.

This finding is repeated from the prior year.

Corrective Action

In accordance with regulations promulgated by the Single Audit Act and the Division of Local Government Services, all counties are required to prepare and submit to the Division of Local Government Services, a Corrective Action Plan with regard to audit deficiencies. This plan must be approved by formal resolution of the governing body and submitted within 60 days from the date the audit is received.

Status of Prior Years' Audit Recommendations

In accordance with Government Auditing Standards, a review was performed on all prior year's recommendations. With the exception of those findings noted as being repeated from the prior year, corrective action was taken on all prior year recommendations.

We noted certain other matters that we reported in the accompanying schedule of findings and questioned costs section of this report. Such matters are required to be reported under *Government Auditing Standards*, U.S. OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and N.J. OMB Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*
