

# HIV/AIDS SERVICE PROGRAMS AND RESOURCES

## [PREVENTION CARE & TREATMENT](#)

If you are HIV-negative or unsure of your status, Pre-exposure prophylaxis (PrEP) preventive care education is available. Click here for more information ([Pre-Exposure Prophylaxis](#))

## [NEED PrEP ACCESS](#)

Pre-exposure prophylaxis (PrEP) is a daily medication regimen to prevent HIV infection. PrEP counseling and linkage to care treatment is available. PrEP counselors are available to connect you with providers, help navigate insurance and assist with resources to cover out-of-pocket expenses for eligible persons. Connect with a PrEP counselor and learn more about it here [www.hudsonpride.org](http://www.hudsonpride.org) or visit a nearby location below.
