Jersey City-The Hudson County Board of Commissioners approve \$175,000 to Guazabara Insights to implement the Educational Life Skills Programming. The program will engage court involved youth in transformative mentoring relationships to help prevent future involvement in the justice system and promote pro social behaviors.

The program will be for the Re-entry population and will, include but not limited to, educational components and topics such as social consciousness, cultural education, emotional literacy, family community civics, self sufficiency, self knowledge, and the value of service. The program will incorporate the division's programmatic philosophy which is rehabilitative in nature.
