Immediate Release

Hudson County Board of Commissioners approved the County of Hudson to accept a \$169,200 grant from the New Jersey Highway Traffic Safety Grant Sustained Enforcement Program for fiscal year 2024.

Jersey City-The Hudson County Board of Commissioners approved the County of Hudson to accept a \$169,000 grant from the New Jersey Highway Traffic Safety Grant Sustained Enforcement Program for fiscal year 2024.

An analysis of crashes identifies key contributing circumstances that warrant intervention, aggressive drivers, distracted drivers, improve safety for bicyclists, pedestrians, motorcyclists, teens, and older drivers, provide additional training of state and local personnel, speeding, improve the collection and analysis of traffic crash data.

On average a pedestrian was killed every 1.6 hours and injured every 7.5 minutes. Pedestrians' crashes occur for a variety of reasons, including errors in judgement by pedestrians and drivers, as well as mechanical failures or shortcomings in traffic engineering. As the most densely populated state in the nation, pedestrian safety is a major issue in New Jersey.

The purpose of the grant is to provide and improve traffic and pedestrian safety education and enforcement throughout Hudson County.

The grant will be for the period of October 1, 2023, to September 30, 2024.

Board Chairman Anthony Romano and the Board of Commissioners are committed to providing the necessary educational resources needed for enforcement of traffic laws and to inform county residents of the importance of keeping motorists and pedestrians safe.
