INDEPENDENT AUDITOR'S REPORT

The Honorable Chairman and Members of the Board of Chosen Freeholders County of Hudson, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements – regulatory basis of the County of Hudson, New Jersey (the "County"), which comprise the comparative balance sheet – regulatory basis, of each fund and General Fixed Assets as of December 31, 2015 and 2014, and the related comparative statement of operations and changes in fund balance – regulatory basis, statement of revenues – regulatory basis and statement of appropriations – regulatory basis, of the Current Fund and Affordable Housing Utility Fund, and the related statement of changes in Fund Balance – regulatory basis, of the General Capital Fund, for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note A, the financial statements are prepared by the County on the basis of the financial reporting provisions of the Division, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Division.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note A and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the County as of December 31, 2015 and 2014, and the changes in its financial position for the years then ended.

Unmodified Opinion on Regulatory Basis Accounting

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the comparative financial position – regulatory basis, of each fund and General Fixed Assets of the County as of December 31, 2015 and 2014, the respective operations and changes in fund balance – regulatory basis, revenues – regulatory basis and appropriations – regulatory basis of the Current Fund and Affordable Housing Utility Fund, the changes in fund balance – regulatory basis of the General Capital Fund, for the years then ended, in accordance with the financial reporting provisions of the Division as described in Note A.

Other Matters

Management's Discussion and Analysis

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The statistical section is presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying supplementary data section, general comments and comments and recommendations are presented for purposes of additional analysis as required by the Division and are not required part of the basic financial statements. The schedule of expenditures of federal awards and the schedule of expenditures of state financial assistance are presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and N.J. Office of Management and Budget Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, respectively, and are also not required parts of the basic financial statements.

The supplementary data section, general comments, comments and recommendations, schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary data section, general comments, comments and recommendations, schedule of expenditures of federal awards and the schedule of expenditures of state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The statistical section has not been subjected to the auditing procedures as applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 1, 2016, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

COUNTY OF HUDSON

REPORT OF AUDIT FY2015

FINANCIAL SECTION: NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

The County of Hudson, New Jersey (the "County") functions independently through a county executive plan form of government pursuant to New Jersey Statutes Annotated (N.J.S.A.) Title 40, Chapter 41A. The governing body consists of a county executive, elected to a four year term, and a board of nine freeholders, who are elected to concurrent three year terms. The purpose of the County is to provide general county services and conduct general county affairs, as provided for by the County's various departments, offices, agencies and programs. The County also has certain oversight responsibilities towards local governments that are located within the County's geographical boundaries, including its twelve municipalities.

The financial statements of the County include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the County, as required by N.J.S.A. 40A:5-5. Governmental Accounting Standards Board ("GASB") establishes criteria to be used to determine which component units should be included in the financial statements of the primary government (the County). The State of New Jersey, Department of Community Affairs, Division of Local Government Services, (the "Division") requires the financial statements of the County to be reported separately from it component units. If the provisions of GASB had been complied with, the following component units would have been discretely presented with the financial statements of the County:

Hudson County Community College Hudson County Schools of Technology Hudson County Improvement Authority

Audit reports of the component units are available at the offices of each of the respective component units. The County Welfare Agency is discretely presented with the financial statements of the County:

BASIS OF PRESENTATION

GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB codification establishes three fund categories to be used by general purpose governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP).

DECEMBER 31, 2015 AND 2014

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF PRESENTATION (continued)

The financial statements of the County have been prepared in conformity with accounting principles and practices prescribed by the Division, which differ from GAAP. Such principles and practices prescribed by the Division are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the County accounts for its financial transactions through the following separate funds and account group, which differ from the fund structure required by GAAP.

Current Fund – This is the general fund of the County and is used to record income and expenditures of a general operating nature.

Federal and State Grant Fund – This fund is used to account for activity of the majority of the grants received by the County, including grant receivables and their related receipts and expenditures against related grant reserves. Grants recorded here must also be included in the County operating budget.

Trust Funds – This fund is used to account for receipts, custodianship and disbursement of dedicated revenues in accordance with the purpose for which each reserve was created, subject to available cash in each individual trust fund reserve established pursuant to N.J.S.A. 40A:4-39 and other applicable state statutes.

General Capital Fund – This fund is used to account for the receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund or other funds. Also included in this fund are bonds and notes payable offset by deferred charges to future taxation.

Affordable Housing Utility Operating and Capital Fund – This fund is used to account for the operations and acquisition of capital facilities of the County-owned Affordable Housing Utility. The Operating Utility records revenues and expenditures applicable to the general operation of the program to create additional affordable housing in the County. The Capital Utility is used to account for financial resources used to provide loans to create affordable housing within the County.

Payroll Agency Fund – This fund is used to accumulate and pay employee salary and wages and payroll deductions to proper agencies.

General Fixed Assets – This is not a separate fund type, but an "account group" used to account for all fixed assets of the County.

DECEMBER 31, 2015 AND 2014

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF PRESENTATION (continued)

The accounts of the County are maintained in accordance with the Division's principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The Division's principles of fund accounting require that resources be classified for accounting and reporting purposes into funds in accordance with activities or objectives specified for the resources. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The General Fixed Assets account group, on the other hand, is a financial reporting device designed to provide accountability for certain fixed assets and the investment in those fixed assets that are not recorded in the funds because they do not directly affect net expendable available financial resources.

BASIS OF ACCOUNTING

The County prepares its financial statements on a basis of accounting prescribed by the Division that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The current financial resource focus and modified accrual basis of accounting is generally followed with significant exceptions which are explained as follows:

Revenues – Revenues are realized when received in cash except for certain amounts which are due from other governmental units. Receipts from Federal revenue sharing funds and other Federal and State grants are realized as revenue when anticipated in the budget. Receivables for property taxes assessed to the municipalities within the County, as well as any amounts added or omitted and other amounts due to the County, are recorded with offsetting reserves on the balance sheet of the Current Fund. Such amounts are not recorded as revenue until collected. Accordingly, no provision has been made to estimate that portion of receivables that are uncollectible. GAAP requires revenues to be recognized in the accounting period when they become measurable and available and in certain instances reduced by an allowance for doubtful accounts.

DECEMBER 31, 2015 AND 2014

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

Expenditures – Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the encumbrance accounting system. Appropriation reserves covering unexpended appropriation balances are automatically created at the end of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriations for principal and interest payments on general capital and utility indebtedness are provided on the cash basis. GAAP requires expenditures in the current (or general) fund to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

Encumbrances – Encumbrances are contractual orders outstanding at year end reported as expenditures through the establishment of an encumbrance payable. Outstanding encumbrances at year end are reported as a cash liability in the financial statements. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves – Appropriation Reserves are available until lapsed at the close of the succeeding year to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Transfers are allowed between certain line items during the first three months of the fiscal year. Lapsed appropriation reserves are recorded as other credits to income. Appropriation Reserves do not exist under GAAP.

Interfunds – Advances from the Current Fund are reported as interfunds receivable with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfunds receivable in other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

Inventories of Supplies – The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires the cost of inventories to be reported as a current asset and equally offset by a fund balance reserve.

DECEMBER 31, 2015 AND 2014

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

Deferred Charges to Future Taxation, Funded and Unfunded - Upon the authorization of capital projects, the County establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. Annually, the County raises the debt requirements for that particular year in the Current Fund budget. As the funds are raised by taxation, the deferred charges are reduced. GAAP does not require the establishment of deferred charges to future taxation.

Compensated Absences and Post-Employment Benefits - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for post-employment benefits, if any, which are also funded on a pay-as-you-go basis. GAAP requires that the amount that would normally be liquidated with expendable financial resources to be recorded as an expenditure in the operating funds and the remaining obligations be recorded as long-term obligations.

Improvement Authorizations – Improvement Authorizations in the general capital fund represent the unexpended balance of an ordinance appropriation and is similar to the unexpended portion of the budget in the current fund. GAAP does not recognize these amounts as liabilities.

General Fixed Assets - Accounting for Governmental Fixed Assets as promulgated by the Division differs in certain respects from GAAP, and requires the inclusion of a statement of general fixed assets as part of the County's basic financial statements.

Fixed assets used in governmental operations (general fixed assets) are accounted for in an account group identified as "General Fixed Assets" and are not included within the records of any fund types. Purchases from these funds for fixed assets are recorded as expenditures within the fund. With minor exception, public domain ("infrastructure") general fixed assets consisting of certain improvements other than improvements to buildings, such as improvements to roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets, except land, are valued at historical cost or estimated historical cost if actual historical cost is not available. Expenditures for construction in progress are recorded in the Capital Fund against authorizations under which the project was approved until such time as the construction is completed and put into operations.

DECEMBER 31, 2015 AND 2014

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

The County is required to maintain a subsidiary ledger of detailed records of fixed assets and to provide property management standards to control fixed assets. The Division sets a maximum policy for defining general fixed assets as non-expendable personal property having a physical existence, a useful life of more than five years and an acquisition cost of \$5,000 or more per unit.

No depreciation has been provided for in the financial statements. Fixed assets acquired through federal grants in aid or contributed capital have been accounted for separately.

Accounting for utility fund property and equipment purchased by the Affordable Housing Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. The utility does not record depreciation on fixed assets.

GAAP requires the recording of infrastructure assets and requires capital assets be depreciated over their estimated useful life unless they are either inexhaustible or are infrastructure assets reported using the modified approach.

Use of Estimates - The preparation of financial statements requires management to make estimates and assumptions that affect: the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Cash and Investments - New Jersey governmental units are required to deposit public funds in a public depository. Public depositories are defined by statutes as any State or federally chartered bank, savings bank or an association located in New Jersey or a state or federally chartered bank, savings bank or an association located in another state with a branch office in New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation (FDIC) and which receives or holds public funds on deposit. N.J.S.A. 40A:5-15.1 provides a list of securities which may be purchased by New Jersey municipal units.

DECEMBER 31, 2015 AND 2014

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

The County is also required to annually adopt a cash management plan and to deposit or invest its funds pursuant to the cash management plan. The cash management plan adopted by the County requires it to deposit funds as permitted in N.J.S.A 40:5-15.1, so long as the funds are deposited in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey and requires all public depositories pledge collateral, having a market value of five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories in the collateral pool, is available to pay the full amount of their deposits to the governmental units.

In 2009, legislation revised GUDPA to provide higher levels of security and oversight. Among the increased protections and oversight, the revised GUDPA ensures a common level of deposit risk by each bank choosing to accept local government deposits, requires banks to fully collateralize deposits over \$200 million, implements enforcement protocol which allows the Department of Banking and Insurance to institute risk-based collateral requirements promptly when a bank shows signs of stress, provides enhanced oversight by the Department of banking and insurance and permits GUDPA certificates to be provided through an online system.

Cash Equivalents include certificate of deposits with a maturity date of less than three (3) months.

Also see Note B - Cash and Cash Equivalents.

Budgets and Budgetary Accounting - An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the County and approved by the Division in accordance with the Local Budget Law. Budgets are adopted on the same basis of accounting utilized for the preparation of the County's financial statements. The budgetary requirements herein outlined are applicable to only the Current and Affordable Housing Utility Operating Funds, and not the Trust, Capital Fund, Affordable Housing Utility Capital Fund or the General Fixed Assets account group. However, statutes require the County to adopt annually a six-year capital plan. This plan allows the governing body to expend or incur obligations for capital purposes only. Such projects under the plan must be adopted through capital ordinance.

DECEMBER 31, 2015 AND 2014

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

The County must adhere to procedures for adoption of its annual budget as established by the Division. These procedures include statutory deadlines of: January 26 for introduction and approval and February 25 for adoption. These dates are subject to extension by the Division by approval of the Local Finance Board. Appropriations within the adopted budget cannot be modified until the final two months of the year at which time transfers between certain line items are allowed. Under certain circumstances emergency authorizations and insertions of items of revenue and appropriation are allowed by authorization of the governing body, subject to approval of the Division.

The County must prepare its budgets in compliance with applicable laws capping the amounts by which both the budgeted appropriations and tax levy can be increased. A description of both "CAPS" follows:

1977 Appropriation "CAP": The 1977 Appropriation Cap is calculated using the formulas and provisions of N.J.S.A. 40A:4-45.1 through 4-45.43a. The law was originally adopted in 1976 and was most recently amended in 2003. Under this law, the County is permitted to increase its overall appropriations (with certain exceptions) by 2.5% or the "cost of living adjustment" (COLA), whichever is less. The COLA is calculated based on the traditional federal government inflation calculation. The County can, when the COLA is less than or equal to 2.5%, increase its allowable inside-the-cap spending to one percentage point greater than the COLA, up to a maximum of 3.5%, upon passage of a COLA Rate Resolution.

<u>2010 Levy "CAP":</u> The 2010 Levy Cap is calculated using the formulas and provisions of N.J.S.A 40A:4-45.44 through 45.47. It establishes limits on the increase in the total County amount to be raised by taxation (tax levy). The core of the levy cap formula is a 2% increase to the previous year's amount to be raised by taxation, net of any applicable cap base adjustments and emergency or special emergency appropriations.

Sale of Municipal Assets - The proceeds of the sale of County assets can be held until made available through a future budget appropriation. GAAP requires such proceeds to be recorded as revenue in the year of sale.

Long-Term Obligations - General long-term debt is recognized as a liability of the General Capital Fund for the full amount. The County's utility long-term debt is recognized as a liability of the Affordable Housing Utility Capital Fund for the full amount.

DECEMBER 31, 2015 AND 2014

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

Reserves (Other than Reserve for Receivables) - Reserves, other than reserve for receivables are considered as liabilities, and not as a reservation of fund balance.

Reserve for Receivables and Other Assets – Receivables of the County, with the exception of certain intergovernmental receivables, are offset on the balance sheet with a credit that is created to preserve the revenue recognition basis required by the Division's accounting principles. The reserve delays the recognition of these revenues until they are received in cash.

Advertising Costs - Advertising costs are charged against the appropriate budget line as they occur. The County does not engage in direct-response advertising.

Fund Balance - Fund equity represented on the financial statements consists solely of Fund Balance, which is not further categorized with respect to reservations (portions of fund equity not available for appropriation for expenditure or legally segregated for a specific future use) or designations (plans for future use of financial resources)

BASIC FINANCIAL STATEMENTS

The GASB Codification also requires the financial statements of a governmental unit presented in the general purpose financial statements to be in accordance with GAAP. The County presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP.

Comparative Data - Comparative data for the prior year has been presented in the accompanying balance sheets and statements of operations in order to provide an understanding of changes in the County's financial position and operations. Comparative data is not presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

Reclassifications – Certain reclassifications have been made to the prior year financial statement presentation to correspond to the current year's format. These reclassifications had no effect on fund balance and changes in fund balance.

Reconciliation of Accounting Basis – As described throughout Note A, substantial differences exist between GAAP and the basis prescribed by the Division. Reconciliation between the two would not be meaningful or informative and therefore is not provided herein.

DECEMBER 31, 2015 AND 2014

NOTE B. CASH AND CASH EQUIVALENTS

DEPOSITS

All cash and cash equivalents on deposit as of the years ended December 31, 2015 and 2014 are partially insured by the FDIC up to \$250,000 for each depository. Deposits in excess of FDIC limits, as noted below, are entirely insured or collateralized by a collateral pool maintained by public depositories as required by GUDPA (see Note A - Cash and Investments) or are on deposit with the New Jersey Asset and Rebate Management Program (NJARM) and New Jersey Educational Facilities Authority (NJEFA).

Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. The County does not have a deposit policy for custodial credit risk. Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are:

- a. Uncollateralized.
- b. Collateralized with securities held by the pledging financial institution.
- c. Collateralized with securities held by the pledging financial institution's trust department or agent but not in the County's name.

As of December 31, 2015, 90% of the County's deposits were with one financial institution, xx% with another and the remaining 10% with four others. As of December 31, 2014, 85% of the County's deposits were with on financial institution, 10% with another and the remaining 5% with three others. At December 31, 2015 and 2014, the County's deposits are summarized as follows:

2015	2014
\$ 1,000,000.00	\$ 1,000,000.00
248,282,916.99	189,397,749.57

	248,282,916.99 504,573.21

2015

2014

Under GUDPA, financial institutions are not required to pledge collateral for amounts covered by FDIC insurance.

Foreign Currency Risk - Foreign currency risk is the risk that changes in exchange rates will adversely affect deposits. None of the County's deposits as of December 31, 2015 and 2014 are held in foreign currency.

DECEMBER 31, 2015 AND 2014

NOTE B. CASH AND CASH EQUIVALENTS (continued)

INVESTMENTS

New Jersey statutes permit the County to purchase the following types of securities when authorized by the cash management plan (described in note A):

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America.
- Government money market mutual funds.
- Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor.
- Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located.
- Bonds or other obligations having a maturity date not more than 397 days from the date of purchase, approved by the Division of Local Government Services for investment by local units.
- Local government investment pools.
- Deposits with the State of New Jersey Cash Management Fund.
- Agreements for the repurchase of fully collateralized securities if (a) the underlying securities are permitted investments pursuant to the first and third bullets of this section, (b) the custody of collateral is transferred to a third party, (c) the maturity of the agreement is not more than 30 days, (d) the underlying securities are purchased through a public depository and (e) a master repurchase agreement providing for the custody and security of collateral is executed.

Custodial Credit Risk - In the case of investments, custodial credit risk is the risk that, in the event of failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities in the possession of an outside party. Investments are exposed to custodial credit risk if they are uninsured, are not registered in the County's name and are held by either the counterparty or its trust department or agent, but not in the County's name.

Foreign Currency Risk - Investments are also exposed to the same foreign currency risk as deposits. It is the risk that changes in exchange rates will adversely affect investments. The County does not have any investments denominated in foreign currency as of December 31, 2015 and 2014.

DECEMBER 31, 2015 AND 2014

NOTE B. CASH AND CASH EQUIVALENTS (continued)

INVESTMENTS (continued)

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The County does not have an investment policy regarding the management of credit risk.

Concentration of Credit Risk - The County places no formal limit on the amount it may invest in any one issuer. New Jersey Statutes limit municipal investments to those specified and summarily identified in the first paragraph of the "Investments" section of this note. Currently, the County's only investments consist of deposits in the MBIA Government Investment Pool, the NJARM Program and the NJEFA Fund, all of which are classified as Government Investment Pools.

		Investment Maturities (in Years)							
Investment Type	Fair Value*	< 1	1 - 5	6 - 10	> 10

2014 Government Investment Pools	\$ 1,859,051.08	\$ 1,859,051.08	\$ -	\$ -	\$ -				

^{*}Short-term investments are carried at cost, which approximates fair value.

The New Jersey Asset and Rebate Management Program ("NJARM") – This is a financial organization created exclusively for New Jersey local governments. The Program was designed to help achieve excellence in the governmental unit's investment program. Created as a joint investment trust under the Interlocal Services Act, NJARM provides participants with investment and arbitrage compliance services for both bond proceeds and general operating funds. As of December 31, 2015 and 2014, the County had balances \$504,573.21 and \$1,859,051.08, respectively, in the NJARM Program government investment pool.

DECEMBER 31, 2015 AND 2014

NOTE C. PROPERTY TAXES RECEIVABLE AND PROPERTY TAX CALENDAR

Property taxes are collected and remitted quarterly to the County by the County's twelve municipalities. Each municipality is responsible for enforcing collection from individual taxpayers, and is required to remit to the County the full amount of the County portion of the municipality's total tax levy. The County portion includes County purpose taxes and County Open space taxes. Property taxes receivable for County purpose taxes are recorded in the Current Fund, while County Open Space Taxes are recorded in the Trust Fund, as each municipality's semiannual tax levy billing is approved. In addition, the County's share of taxes for any added and omitted assessments throughout the year for each municipality is recorded by the County as taxes receivable in the Current Fund.

Property tax bills are to be mailed by the municipality on or before June 14 and December 1. If the municipality is unable to mail bills by these dates, it has until June 30 and December 31 to mail estimated bills for the respective initial mailing dates. The June 14/30 bill is due from the taxpayer to the municipality in two quarterly installments on August 1 and November 1. The municipality is then required to remit the County taxes to the County on August 15 and November 15. The December 1/31 bill is due from the taxpayer to the municipality in two quarterly installments on February 1 and May 1. The municipality is then required to remit the County taxes to the County on February 15 and May 15. For added/omitted taxes, the municipality is to mail the bill on or before October 25. The due date for the taxpayer to pay the municipality is November 1. The municipality is then required to remit the County taxes on added/omitted assessments by February 15.

As of December 31, 2015 and 2014, the County had added and omitted taxes receivable of \$2,282,814.64 and \$3,503,015.74, respectively.

MORTGAGE PAYABLE AND COUNTY-GUARANTEE OF DEBT

Acquisition of Bergen Avenue Property - On April 22, 2011, the County adopted Ordinance No. 415-9-2011 authorizing the guaranty of payment of principal and interest on \$18,000,000 of County Guaranteed Special Acquisition Bonds issued by the HCIA for the purpose of providing additional security therefor and determining certain other matters in connection therewith.

Pursuant to this guarantee, the HCIA issued \$17,835,000 of County-Guaranteed Special Acquisition Bonds, Series 2011, consisting of serial and term bonds with interest rates of 2% to 4.5% finally maturing in 2031. On November 30, 2011, the HCIA purchased the Property located at 830 Bergen Avenue in Jersey City, New Jersey containing approximately 110,000 square feet of office space and associated parking for approximately one hundred and fifty cars and converted the Property into two condominiums. The HCIA retained one of the condominiums consisting of one floor of office space and a 12.5% interest in the Property and the second condominium was sold to the County consisting of seven floors of office space and an 87.5% interest in the Property pursuant to an installment purchase agreement.

DECEMBER 31, 2015 AND 2014

NOTE D. COUNTY DEBT (continued)

MORTGAGE PAYABLE AND COUNTY-GUARANTEE OF DEBT (continued)

The County has financed the installment purchase agreement through the adoption of Ordinance No. 416-9-2011 on September 22, 2011. The purchase of the property was \$8,175,115. The remaining proceeds of the 2011 bonds are being held by a trustee to pay bills associated with improvements of the property and other associated costs as submitted by the County and HCIA. Should any funds remain, they will be used to pay down the related debt, reducing the liability of the County. Accordingly, a liability has been established on the books of the County for its pro-rata share of the purchase price and subsequent improvements. 87.5% of costs incurred and submitted to the trustee are charged to the improvement authorization, and mortgage payable, established to track the County's share of costs paid by the trustee, is correspondingly increased.

As of December 31, 2015 and 2014, the County's mortgage payable due to the HCIA was \$11,886,875.00 and \$12,534,375.00, respectively. Assuming the entirety of bond proceeds are utilized under the project, the County would be obligated to pay its full share of the HCIA obligation, with the total remaining payments due to the HCIA in accordance with the following amortization schedule:

The amount of the outstanding bonds issued by the HCIA under the agreement over the amount of the installment payments due by the County is a guarantee of the County, though not a direct liability. The outstanding balance of the bonds issued by the HCIA pursuant to the guarantee as of December 31, 2015 and 2014 was \$15,670,000 and \$16,410,000, respectively. These bonds are the full faith and credit obligation of the HCIA payable solely out of the revenues or other receipts, funds or moneys of the HCIA as pledged and are not a debt or liability of the County, except to the extent of the County Guarantee and the County's obligations under the aforementioned installment purchase agreement.

NOTE F. RETIREMENT SYSTEMS AND DEFERRED COMPENSATION

Substantially all County employees participate in the Consolidated Police and Fireman's Pension Fund (CPFPF), Public Employees Retirement System (PERS), Police and Fireman's Retirement System of New Jersey (PFRS) or the Defined Contribution Retirement Program (DCRP), all of which are multiple employer plans sponsored and administered by the State of New Jersey, with the exception of the CPFPF, which is a single employer plan. The CPFPF, PERS and PFRS are cost sharing contributory defined benefit public employee retirement systems. The DCRP is a defined contribution plan.

In addition, certain employees participate in the following plans: Hudson County Employees' Pension Fund, Court Attendant's Pension Fund, Non-Contributory Pension Fund and Veterans' Pension Fund.

STATE-MANAGED PENSION PLANS - CPFPF

The Consolidated Police and Fireman's Pension Fund (CPFPF) is a single employer contributory defined benefit plan which was established on January 1, 1952, under the provisions of N.J.S.A. 43:16 to provide retirement, death and disability benefits to county and municipal police and firemen who were appointed prior to July 1, 1944. The fund is a closed system with no active members. The County currently only makes contributions for its retirees who are enrolled in this pension fund. During the years ended December 31, 2015, 2014 and 2013, the County contributed \$60,554.16, \$56,805.28 and \$68,503.90, respectively.

STATE-MANAGED PENSION PLANS – PERS (PROSECUTORS PART)

Chapter 366, P.L. 2001, established a special Prosecutors Part within the Public Employees' Retirement System (PERS), effective January 7, 2002. Chapter 1, P.L. 2010, closed the Prosecutors Part of the PERS to new members as of May 21, 2010. Prosecutors who were enrolled on or before May 21, 2010, remain members of the Prosecutors Part of the PERS, provided that they continue in eligible prosecutor service. Prosecutors taking office after May 21, 2010, will be enrolled as "regular" Tier 4 members of the PERS - except that a County Prosecutor who is appointed by the Governor with the advice and consent of the Senate will be enrolled in the Defined Contributions Retirement Program (DCRP) or regular PERS if a Tier 1 PERS member continuously since July 1, 2007.

STATE-MANAGED PENSION PLANS – PERS

Plan Description and Eligibility

The PERS was established in January, 1955 under provisions of N.J.S.A. 43:15A and provides retirement, death, disability and post-retirement medical benefits to certain qualifying Plan members and beneficiaries. Membership is mandatory to substantially all full time employees and vesting occurs after 8 to 10 years of service for pension benefits. Significant modifications to enrollment, benefits and eligibility for benefits under the plan were made in 2007, 2008, 2010 and 2011. These changes resulted in various "tiers" which distinguish period of eligibility for enrollment. The delineation of these tiers is as follows:

- Tier 1: Employees enrolled before July 1, 2007.
- Tier 2: Employees eligible for enrollment after June 30, 2007 but before November 2, 2008.
- Tier 3: Employees eligible for enrollment after November 1, 2008 but before May 22, 2010.
- Tier 4: Employees eligible for enrollment after May 21, 2010 but before June 28, 2011.
- Tier 5: Employees eligible for enrollment after June 27, 2011.

Tier 1 and 2 employees must earn a base salary of \$1,500 or more to enroll in the plan. Pensionable salaries are limited to the IRS maximum salary compensation limits for Tier 1 employees and social security maximum wage for Tier 2 employees. Tier 2 employees earning over the social security maximum wage are eligible to participate in DCRP for the excess amount. Tier 3 employees must earn a base salary that is annually adjusted. For the fiscal year ended June 30, 2015 and 2014 this base salary amount was \$8,200 and \$8,100, respectively. Employees earning between \$5,000 and the Tier 3 minimum base salary are eligible for participation in DCRP. Pensionable salaries are limited to the social security maximum wage. Employees earning over the social security maximum wage are eligible to participate in DCRP for the excess amount. Tier 4 and 5 employees do not have a minimum salary requirement to enroll, but must work a minimum of 32 hours per week. Employees not meeting the minimum hour requirement but that make over \$5,000 are eligible to enroll in DRCP. Pensionable salaries are limited to the social security maximum wage. Employees earning over the social security maximum wage are eligible to participate in DCRP for the excess amount.

Contributions and Liability (continued)

The net pension liability was measured as of June 30, 2015 and 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2015 and 2014, the County's net pension liability for PERS, including the County's proportionate share, was as follows:

Year Ended	Proportion	nate Share	Net Pension		
June 30,	Rate	Change		Liability	
2015	1.33916%	0.02867%	\$	300,613,660

The following presents the County's proportionate share of the net pension liability of the as of June 30, 2015 and 2014, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1% lower or 1% higher than the current rate:

Actuarial Assumptions

The total pension liability for the June 30, 2015 and June 30, 2014 measurement dates were determined by actuarial valuations as of July 1, 2014 and 2013, respectively, which were rolled forward to June 30, 2015 and 2014, respectively. The total pension liability for the June 30, 2013 measurement date was determined by an actuarial valuation as of July 1, 2013. These actuarial valuations used the following actuarial assumptions, applied to all periods in the measurement:

Mortality - For the June 30, 2015 Measurement Date, mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for males and females) for service retirement and beneficiaries of former members with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA. The RP-2000 Disabled Mortality Tables (setback 3 years for males and setback 1 year for females) are used to value disabled retirees. The actuarial assumptions used in the July 1, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements will be.

For the June 30, 2014 Measurement Date, mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA. The actuarial assumptions used in the July 1, 2013 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.90% at June 30, 2015 and 2014) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS target asset allocations as of June 30, 2015 and 2014 are summarized in the following table:

Actuarial Assumptions (continued)

Discount Rate - The discount rate used to measure the total pension liability was 4.90% and 5.39% as of June 30, 2015 and 2014, respectively. This single blend discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 3.80% and 4.29% as of June 30, 2015 and 2014, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of actuarially determined contributions.

Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

STATE-MANAGED PENSION PLANS - PFRS

Plan Description and Eligibility

The PFRS was established in July, 1944, under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police or firefighters and state police appointed after June 30, 1944. Membership is mandatory for such employees with vesting occurring after 10 years of membership. Significant modifications to enrollment, benefits and eligibility for benefits under the plan were made in 2010 and 2011. These changes resulted in various "tiers" which distinguish period of eligibility for enrollment. The delineation of these tiers is noted as follows:

- Tier 1: Employees enrolled before May 22, 2010.
- Tier 2: Employees enrolled after May 21, 2010 but before June 29, 2011.
- Tier 3: Employees enrolled after June 28, 2011.

There is no minimum salary requirement to enroll, regardless of tier. Pensionable salaries are limited to the social security maximum wage for Tier 2 and 3 employees and federal pensionable maximum for Tier 1 employees. Employees earning over the social security maximum wage are eligible to participate in DCRP for the excess amount.

Plan Benefits

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

Contributions and Liability

The contribution policy for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and their employers. Such contributions may be amended by State legislation. Employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. The annual employer contributions include funding for basic retirement allowances and non-contributory death benefits. The employee contributions include funding for basic retirement allowances and contributory death benefits. Contributions made by the County and its employees for the previous three years are as follows:

Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001.

Contributions and Liability (continued)

The amounts contributed on behalf of the County under this legislation are considered to be a special funding situation. As such, the State is treated as a non-employer contributing entity. Since the County does not contribute under this legislation directly to the plan (except for employer specified financed amounts), there is no net pension liability to report in the financial statements of the County related to this legislation. However, the notes to the financial statements of the County must disclose the portion of the State's total proportionate share of the collective net pension liability that is associated with the County.

The net pension liability was measured as of June 30, 2015 and 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined.

At June 30, 2015 and 2014, the County's net pension liability for PFRS, including the special funding situation described above and changes in the County's proportionate share, was as follows:

Mortality - For the June 30, 2015 Measurement Date, mortality rates were based on the RP-2000 Combined Healthy Mortality Tables projected one year using Projection Scale BB for male service retirements with adjustments for mortality improvements from the base year based on Projection Scale BB. Mortality rates were based on the RP-2000 Combined Healthy Mortality Tables projected fourteen years using Projection Scale BB for female service retirements and beneficiaries with adjustments for mortality improvements from the base year 2014 based on Projection Scale BB. The actuarial assumptions used in the July 1, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2013.

For the June 30, 2014 Measurement Date, mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables with adjustments for mortality improvements from the base year of 2011 based on Projection Scale AA. The actuarial assumptions used in the July 1, 2013 valuation were based on the results of an actuarial experience study for the period July 1, 2007 to June 30, 2010.

Discount Rate - The discount rate used to measure the total pension liability was 5.79% and 6.32% as of June 30, 2015 and 2014, respectively. This single blend discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 3.80% and 4.29% as of June 30, 2015 and 2014, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2045. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2045, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

<u>STATE-MANAGED PENSION PLANS – GENERAL</u>

The State established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The State or local government employers do not appropriate funds to SACT.

The State also administers the Pension Adjustment Fund (PAF) which provides cost of living increases, equal to 60 percent of the change in the average consumer price index, to eligible retirees in all Statesponsored pension systems except SACT. The cost of living increases for PFRS and PERS are funded directly by each of the respective systems and are considered in the annual actuarial calculation of the required State contribution for that system.

According to state statutes, all obligations of PERS and PFRS will be assumed by the State of New Jersey should the PERS and PFRS be terminated.

The State of New Jersey issues publicly available financial reports that include the financial statements and required supplementary information of the PERS and PFRS. This report may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

Detailed information about the pension plans' fiduciary net position are available in the separately issued financial reports. These reports may be accessed via the New Jersey Division of Pension and Benefits website at www.state.nj.us/treasury/pensions.

DEFINED CONTRIBUTION RETIREMENT PROGRAM

The Defined Contribution Retirement Program (the "DCRP"), was established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. It provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage.

Individuals eligible for membership in the DCRP include (a) state or local officials elected or appointed on or after July 1, 2007, (b) employees enrolled in PERS on or after July 1, 2007 or PFRS after May 21, 2010 who earn salary in excess of established maximum compensation limits and (c) employees otherwise eligible for PERS on or after November 2, 2008 or PFRS after May 21, 2010 that do not earn below the minimum PFRS or PERS salary but more than \$5,000 annually. Participation in DCRP can be irrevocably waived if an official earns less than \$5,000.

Vesting occurs upon commencement of the third year of membership. Should the vesting period not be reached, contributions will be refunded to the appropriate contributing parties. Employer matching contributions and earnings are only available after the age of 55. Distributions render the member retired and ineligible for future participation in any State-administered plans. Otherwise, distributions are available at any time as lump sum, fixed term or life annuity.

Members are covered by employer-paid life insurance in the amount of 1½ times the annual base salary on which DCRP contributions was based. Members are also eligible for employer-paid long-term disability coverage after one year of participation. Eligibility occurs after six consecutive months of total disability. Members would receive a regular monthly income benefit up to 60% of the base salary on which DCRP contributions were based during the 12 months preceding the onset of the disability, offset by any other periodic benefit the member may be receiving. Benefits will be paid until the age of 70 so long as the member remains disabled and has not begun receiving retirement annuity payments.

DEFERRED COMPENSATION PLAN

The County has established a deferred compensation program for its employees under Section 457 of the Internal Revenue Code. The Plans are a tax-deferred supplemental retirement program that allows County employees to contribute a portion of their salaries, before federal taxes, to a retirement account. Contributions, or deferrals, are made through payroll deductions. Individuals are 100% vested. Distributions are not available to employees until termination, retirement, death, or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights are solely property and rights of the individual contributors and are not subject to the claims of the County's general creditors.

NOTE G. POST-EMPLOYMENT BENEFITS

The County contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the Program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/ substance abuse and Medicare part B reimbursements to retirees and their covered dependents.

DECEMBER 31, 2015 AND 2014

NOTE G. POST-EMPLOYMENT BENEFITS (continued)

The SHBP was extended to employees, retirees and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. The County will pay the cost of Health Benefits Insurance for retirees and their dependents, if the retiree:

- 1. Receives retirement benefits from a state or locally administered retirement system; and
- 2. Has 25 or more years of service credited in that retirement system; or
- 3. Retired on an approved Disability Retirement (regardless of years of service).

Employees who do not qualify for County-paid Health Benefits insurance at retirement may be eligible to continue Health Benefits insurance at their own expense upon retirement. Employees who elect Deferred Retirement are not eligible for these benefits.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at: www.state.nj.us/treasury/pensions.

Funding Policy - Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an accrual basis.

Contributions to pay for health premiums of participating County retirees in the SHBP are billed to the County on a monthly basis. Payments are made through an annual appropriation in the line item "Insurance – Group Plans for Employees". The County contributions to SHBP for the years ended December 31, 2015, 2014 and 2013 were \$12,234,983.73, \$10,956,507.92and \$9,417,867.33, respectively, which equaled the required contributions for each year. There were approximately 967, 865 and 860 retired participants eligible at December 31, 2015, 2014 and 2013, respectively.

DECEMBER 31, 2015 AND 2014

NOTE G. POST-EMPLOYMENT BENEFITS (continued)

Significant Legislation - Chapter 78, P.L. 2011, effective June 28, 2011, established new employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary. For those employed on or after June 28, 2011, the 4-year phase-in does not apply and contributions based on the full percentage rate of contribution are required. Under Chapter 78, certain future retirees eligible for employee-paid health care coverage at retirement will also be required to pay a percentage of the cost of their medical coverage determined on the basis of their annual retirement benefit.

Chapter 2, P.L. 2010, effective May 21, 2010, requires a minimum contribution of 1.5% of base salary toward the cost of health benefits coverage by all active public employees. Employees who become a member on or after the law's effective date would be required to pay in retirement 1.5% of their pension benefit toward the cost of health care coverage under the SHBP.

Post-Retirement Medical Benefits Contribution - P.L. 1990, c. 6 required PERS to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate funding of post-retirement medical benefits through PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees. As of June 30, 2012, there were approximately 94,000 retirees receiving post-retirement medical benefits, and the State contributed \$935.5 million on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c. 62. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State sets the contribution rate based on a pay as you go basis and not on the *annual required* contribution of the employers (ARC), an amount actuarially determined in accordance with the parameters of the GASB Codification of OPEB. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The State's contributions to the State Health Benefits Program Fund for PERS retirees' postretirement benefits on behalf of the County was not determined or made available by the State of New Jersey.

DECEMBER 31, 2015 AND 2014

NOTE G. POST-EMPLOYMENT BENEFITS (continued)

Funded Status and Funding Progress - As of June 30, 2014, the most recent actuarial valuation date, the State had an \$16.4 billion unfunded actuarial accrued liability for other postemployment benefits (OPEB) for local employees and retirees that become the obligation of the State of New Jersey upon retirement.

The funded status and funding progress of the OPEB is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events in the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the OPEB in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at the point in time. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

Actuarial Methods and Assumptions - In the June 30, 2014, actuarial valuation, the projected unit credit was used as the actuarial cost method, and the market value was used as asset valuation method for the OPEB. The actuarial assumptions included 4.50 percent for investment rate of return for the OPEB.

NOTE H. COMPENSATED ABSENCES

County policy permits employees to carry over one year's accrued unused vacation days and to carry over all unused sick days. The maximum payment for unused sick days is \$5,000. This payment is made only to employees eligible for retirement and is based upon one-third of their accumulated sick leave. Should an employee die after having met the age and service requirements for a regular pension, the compensation for unused sick leave will be paid to the employee's estate. As of December 31, 2015 and 2014, the total accumulated absence liability was \$25,430,124.63 and \$23,393,504.08, respectively. Under accounting principles prescribed for counties by the Division, such amount is not reported either as an expenditure or liability. The County pays for these costs on a pay-as-you-go basis and charges such costs to the Salaries and Wages line of the respective departments from which the costs derived. As of December 31, 2015 and 2014, the County has reserved \$4,423,259.46, each year, for the future payment of compensated absences.

DECEMBER 31, 2015 AND 2014

NOTE I. RISK MANAGEMENT

Insurance Coverage

The County established a self-insurance program in accordance with New Jersey Statute Chapter 40:10-6. The Chapter enables the governing body of any local unit to create a fund to provide insurance coverage for its exposure to a wide variety of property casualty risks, including property damage caused to any of the unit's property, motor vehicles, equipment or apparatus; liability resulting from the use or operation of such motor vehicles, equipment or apparatus; liability for the unit's negligence, including that of its officers, employees and servants and workers' compensation obligations.

The County self-insures against such claims, including tort law suits, civil law suits, civil rights and worker's compensation. The County maintains a self-insurance fund, which at December 31, 2015 and 2014 held \$450,015.83 and \$707,033.77, respectively. The County contributed \$9,500,000 and \$11,000,000, respectively, to the fund during the years ended December 31, 2015 and 2014. The County has obtained the following coverage:

- General liability, including automobile and workers' compensation with limits of \$10,000,000 per occurrence and \$20,000,000 aggregate after exhaustion of a retained limit of \$750,000.
- Storage tank system and clean up policy for limits of \$1,000,000 and \$1,000,000 aggregate, including a deductible of \$25,000 for each claim.
- Property and business interruption sub-policy claims for limits of \$200,000,000 per occurrence with individual sub-policy claim limits.
- Surety bond coverage of \$50,000 for various County officials, a \$350,000 policy for the County Executive and a \$1,500,000 policy for the Chief Financial Officer.

Disaster Recovery

The County has prepared an internal disaster recovery plan in an effort to protect its financial processes and data in the event an unforeseen disaster should occur. Three external servers, each at a different location, are being maintained and updated daily. A fourth server and location are currently under construction. Daily activity is updated to the external servers daily. In addition, a software program has been integrated which synchronizes data on a daily basis for storage on the external servers, and a second program which can restore said data from the external servers should the need arise. In addition, ADP provides external storage for payroll data and provides disks to the County of such information.

DECEMBER 31, 2015 AND 2014

The County has various transactions by and between its individual funds. Certain accounts of the Trust and Capital Funds earn interest which is required to be recorded as revenue in the Current Fund budget. The Certificates represented proportionate interests in the rental payments to be made by the County to HCFC with principal payments commencing in 1992 and interest payments commencing in 1989.

The lease-purchase agreement was amended on July 1, 1990 with the term of the agreement becoming effective July 1, 1990 to December 1, 2021. NOTE L. COMMITMENTS AND CONTINGENCIES (continued)

CAPITAL LEASE PROGRAM OBLIGATIONS (continued)

Hudson County Lease – **1992 Facility Lease Revenue Bonds** - On December 1, 1992, the HCIA issued Facility Lease Revenue Bonds (the 1992 Bonds) in the aggregate principal amount of \$112,700,000. The 1992 Bonds were issued to provide funds for (a) the costs of acquisition, construction, installation and equipping of: (i) a 590-bed long-term care facility to be located in the County; (ii) a 66-bed youth house facility; (iii) a police and fire training academy; and (iv)other public facilities to be provided to and used by the County, including County administrative offices (the facilities described in items (i) through (iv) are collectively referred to as the 1992 Facilities) for lease to the County; (b) funding capitalized interest on the 1992 Bonds; and (c) the payment of costs of issuing the 1992 Bonds.

In connection with the issuance of the 1992 Bonds by the HCIA, the HCIA and the County entered into a lease agreement providing for, among other things, the lease of the real property and the construction thereon of the 1992 Facilities by the HCIA, and upon acquisition, construction, installation or equipping of the 1992 Facilities, the payment of rental payments to the HCIA by the County for the County's lease of the 1992 Facilities.

The construction and equipping of the new 590-bed long term care facility (hereafter referred to as the New Hospital Facility) was planned to combine the operations at both the Meadowview Nursing Center and the B.S. Pollak Hospital (together, the Hospitals). The Hospitals were acquired and improved by the Authority with the proceeds of the 1992 Bonds and leased back to the County.

In 1996 the construction of the New Hospital Facility was discontinued and the County and the HCIA determined to transfer the operation, and ultimately the ownership, of the Hospitals to Progressive Health Care of Hudson County Inc. (Progressive), a private company, pursuant to a lease and purchase agreement (the Transfer Agreement). The conveyance of the Hospitals to Progressive resulted in private use of the Hospitals.

In a Letter Ruling dated November 19, 1996 (the Letter Ruling), the IRS determined that in order to effectuate the transfer of the Hospitals to Progressive without adverse tax consequences, the HCIA would be required to make a tender offer to holders of \$26,735,000 of the 1992 Bonds, and defease any of the 1992 Bonds for which the tender offer was made but which were not acquired in the tender offer with moneys other than tax-exempt bond proceeds, at a rate restricted to the yield on the 1992 Bonds.

DECEMBER 31, 2015 AND 2014

CAPITAL LEASE PROGRAM OBLIGATIONS (continued)

On February 14, 1997, the HCIA received and accepted for purchase \$21,360,000 of the 1992 Bonds. The HCIA defeased the \$5,375,000 balance of its 1992 Bonds in accordance with the IRS Letter ruling, for a total issue of \$26,735,000. The HCIA used a portion of the 1997 Bonds to (i) pay the tender price to the holders of the Tendered Bonds and (ii) defease the bonds.

On August 1, 1998, the HCIA issued \$91,575,000 of Facility Lease Revenue Refunding Bonds. The series 1998 Bonds were issued to advance refund all of the HCIA's outstanding \$85,635,000 1992 bonds and pay the costs of issuance of the series 1998 Bonds. The series 1998 bonds are direct and special obligations of the authority payable from and secured by the revenues of the HCIA which are derived from lease of facilities to the County (from County Rental Payments); investment income from related funds; and other related monies, securities and funds.

On March 12, 2004, the HCIA entered into a forward bond purchase contract for the benefit of the County to purchase up to \$71,520,000 of the outstanding 1998 bonds between October 1, 2008 and October 1, 2010 through the issuance of bonds (the "Future Bonds") during that period, provided that the debt service on the 1998 Bonds purchased. The HCIA exercised its right to issue the Future Bonds.

On November 30, 2010, the HCIA, at the consent of the County, as lessee, issued the \$65,9000,000 Facility Lease Revenue Refunding Bonds, Series 2010 to call all of the outstanding \$91,575,000 1998 Bonds.

The 2010 Bonds are guaranteed by the County and mature annually through 2025. The combined remaining debt service on the 1997 Bonds facility lease, with interest rates ranging from 7.3% to 7.7% and the 2010 Bonds facility lease, with interest rates ranging from 5.25% to 5.40%, is as follows:

Hudson County Improvement Authority - 1996 Facility Lease Taxable Revenue Bonds - On December 24, 1996, the HCIA issued Facility Lease Taxable Revenue bonds in the aggregate principal amount of \$29,660,000 (Administrative Building Projects, Series 1996, hereinafter referred to as the 1996 Bonds) at a rate of 7.37%. The Bonds were determined to be taxable by an IRS ruling, because the facility was being used as a private-use facility (hospital). The 1996 Bonds are special obligations of the HCIA payable from and secured by Revenues which are derived from the lease of the Facility to the County and investment income derived from funds held under the Resolution.

The 1996 Bonds were issued to provide funds for (a) the costs of the purchase from the County of the land and improvements thereupon located at 595 Newark Avenue in the City of Jersey City, County of Hudson, New Jersey, being more commonly known as the County Administration Building (hereinafter, the Facility), (b) the costs of additions, enlargements, improvements and expansions to, or repairs, reconstruction and restorations of the Facility, and (c) the payment of the costs of issuing the 1996 Bonds.

Upon acquisition of the facility, the HCIA leased the Facility back to the County for use pursuant to the terms of an agreement entitled Lease and Agreement between County of Hudson, New Jersey and Hudson County Improvement Authority, dated as of December 1, 1996, (the Lease Agreement).

NOTE L. COMMITMENTS AND CONTINGENCIES (continued)

GRANT PROGRAMS

The County participates in several federal and state financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditures of funds for eligible purposes. The state and federal grants received and expended in the years ended December 31, 2015 and 2014 were subject to Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and N.J. OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, which mandate that grant revenues and expenditures be audited in conjunction with the County's annual audit. In addition, these programs are also subject to compliance and financial audits by the grantors or their representatives. These grantor agencies reserve the right to conduct additional audits of the County's grant programs for economy, efficiency and program results. As a result of these audits, costs previously reimbursed could become disallowed and require repayment by the County to the grantor agency. As of December 31, 2015 and 2014, the County does not believe that any material liabilities will result from such audits.

SUBSIDY OF RECOVERY ZONE BONDS

During the year ended December 31, 2011, the County issued General Obligation Recovery Zone Economic Development Bonds in the amount of \$20,700,000. By designating the Bonds as "Recovery Zone Economic Development Bonds," the County, through the HCIA, will receive cash subsidy payments from the United States Treasury equal to 45 percent of the interest payable on the Bonds on each interest payment date. Over the course of the bonds, through maturity in 2030, the County is due to receive \$7,701,988.81 in subsidies in support of interest payable.

ARBITRAGE REBATE

The County is subject Section 148 of Internal Revenue Code, which was enacted to minimize the arbitrage benefits from investing gross proceeds of tax-exempt bonds in higher yielding investments and to remove the arbitrage incentives to issue more bonds, to issue bonds earlier, or to leave bonds outstanding longer than is otherwise reasonably necessary to accomplish the governmental purposes for which the bonds were issued. The County has obtained outside professional services to calculate and monitor the arbitrage requirements for certain bond issues. At December 31, 2015 and 2014 the County has reserved \$2,450,000 to meet potential arbitrage requirements.

DECEMBER 31, 2015 AND 2014

NOTE L. COMMITMENTS AND CONTINGENCIES (continued)

LITIGATION

The County is a defendant in various lawsuits, none of which is unusual for a county of its size and should be adequately covered by the County's insurance program, defense program or by the County directly and which may be settled in a manner satisfactory to the financial stability of the County. The County self-insures and also carries excess insurance for all lines of coverage as described in Note I to the financial statements. It is anticipated that any judgments in excess of insured coverage would be paid by the County through future taxation or future debt borrowing. Litigation with potential substantial exposure exceeding \$270,000 as noted by County Counsel is highlighted as follows.

- <u>A.A.</u>: This is a claim by a pedestrian of a slip and fall in a building that belongs to Hudson County, which resulted in injury.
- <u>P.A.</u>: This is a lawsuit brought by an outside service entity as well as, three employees of the Correctional Center alleging all kinds of Civil Right violations with respect to their employment and their First Amendment Rights. The allegations as of this writing are brand new so at this time we cannot be more specific. However, because of the number of Plaintiffs and the fact that the theories are fee shifting, the case has a potential value in excess of \$270,000.00.
- <u>J.B.</u>: This is an employment lawsuit against the Welfare Department alleging discrimination on the basis of a disability and gender. Because of the fee shifting nature of the theories of liability and the fact that Plaintiff will have a large lost wage claim, the case is of potential value in excess of \$270,000.00. The matter was dismissed but is now on appeal.
- <u>S.B.</u>: This is an employment discrimination and harassment case against the Sheriff's Department. As of this writing the complaint has just been received, no discovery has been done and it is unknown what the actual merits are. However, as an employment case brought under fee shifting theories there is substantial potential with respect to this matter.
- <u>T.C.</u>: This is a three Plaintiff employment case against the Sheriff's Department alleging discrimination and political retaliation. Since it is brought under fee shifting theories, the case has a potential value in excess of \$270,000.00.
- G.F.: This is a claim wherein the Plaintiff alleges false arrest, malicious prosecution and various civil rights violations against the Sheriff's Department. Because of the nature of the allegations and fee shifting, the case may have substantial value.
- R.F.: This is an employment lawsuit against the Department of Weights and Measures alleging some type of discrimination and retaliation. As of this writing all we have received is the complaint but because it is an employment case with fee shifting theories it may have substantial value.
- <u>E.G.</u>: This is a lawsuit against the Division of Welfare alleging discrimination and retaliation for complaining about discrimination, and failure to promote. Because it is an employment case with fee shifting theories of liability asserted it may have a substantial value.

DECEMBER 31, 2015 AND 2014

NOTE L. COMMITMENTS AND CONTINGENCIES (continued)

LITIGATION (continued)

- <u>H.F.</u>: This is an employment discrimination and retaliation case against the Hudson County Correctional Center. The protected activity is alleged to have been a past lawsuit. Because it is an employment case brought under fee shifting theories it has a payout of substantial potential.
- <u>J.G.</u>: Plaintiff alleges she sustained injuries to her feet while incarcerated at the Hudson County Correctional Center. She has since died and this matter has been dismissed for failure to answer interrogatories. It is unclear whether the plaintiff's family will move to vacate the dismissal and pursue the claim.
- Est. of J.H.: This is a lawsuit against the County and the County Prosecutor's Office for a shooting that occurred in Maryland. It alleges civil rights deprivations which are fee shifting and survivorship and wrongful death actions which could have substantial economic value. While it is believed that the County has a strong argument the employee was not working within the scope of his employment, the case does have substantial value.
- <u>B.H.</u>: This is a claim by a pedestrian of a slip and fall on a sidewalk that resulted in njury; this sidewalk is a Hudson County road.
- <u>A.J.</u>: This is a case involving a prisoner who was to be extradited to Maryland and claims that the County Correctional Facility held him for too long, violating his civil rights. As this involves a potential violation of civil rights and potential fee shifting; it has potential for a substantial award.
- <u>D.J.</u>: This is a Civil Right case alleging false imprisonment and malicious prosecution where Plaintiff was jailed on what he asserts are trumped up charges. In October 2013 he was acquitted by a jury. Because of the nature of the allegations and the fee shifting aspects of the Civil Rights Statutes, the case may have a value in excess of \$270,000.00.
- <u>W.K.</u>: This is an employment case alleging discrimination and retaliation based on the First Amendment and W.K.'s political affiliation. W.K. is employed in the Department of Weights and Measures which comes under the aegis of the Sheriff's Department. Because of the nature of the allegations and the fee shifting theories under which this case is brought it is potentially worth in excess of \$270,000.00.
- <u>M.L.</u>: This is an employment case against the County alleging disparate treatment in terms of pay based on a disability handicap and perhaps age. Because it is brought under theories of liability under State Law that are fee shifting it may have substantial value.
- <u>K.M-R.</u>: This is an employment discrimination case based on disability and other theories against the County Social Services Department otherwise known as Welfare. There is also an allegation for a failure to accommodate a disability. Because it is an employment case brought under fee shifting theories the potential at this point is substantial.

DECEMBER 31, 2015 AND 2014

NOTE L. COMMITMENTS AND CONTINGENCIES (continued)

LITIGATION (continued)

- <u>K.M.</u>: Plaintiff alleges civil rights violations including sexual assault and assault against the Meadowview Hospital. Because of the nature of the allegations and the fee shifting theories the case may have a substantial value.
- <u>D.M.</u>: This is a lawsuit brought under the Federal Family and Medical Leave Act for failure to provide an appropriate leave under that statute where her employment was terminated as a result of the events. Plaintiff also alleges handicap or disability discrimination based on a mental condition. Given the Federal theories of fee shifting and given the nature of the allegations this case may have substantial value.
- <u>G.N.</u>: This is a wrongful termination case. Plaintiff seeks to be reinstated and also back pay. He claims he was discriminated against due to his national origin. Summary Judgment motions are due in two weeks.
- <u>M.O.</u>: The plaintiff claims he was denied medical treatment by the Hudson County Correctional Center in violation of his civil rights. He claims that he is now paralyzed. There are two medical malpractice claims currently being brought by the County against the medical providers.
- <u>R.P.</u>: This is a lawsuit where the Plaintiff fell at the intersection of Kennedy Boulevard and Pavonia Avenue. The claim was recently filed and no information is available, however, serious injuries are alleged.
- M.R.: This is a claim by a pedestrian of a slip and fall on a sidewalk that resulted in injury; this sidewalk is a Hudson County road.
- <u>A.R.</u>: This is a case alleging civil rights violations arising out of an alleged wrongful arrest and prosecution for welfare fraud. As the theories are fee shifting the case has a potential high value.
- <u>L.T.R.</u>: This is a case where the plaintiff slipped and fell on County property. Plaintiff's medical expenses exceed \$10,000 and the plaintiff is seeking an award of \$1,000,000.
- <u>H.S.</u>: This is a case of a Transcend accident where plaintiff allegedly sustained brain injury and had brain surgery. Given the nature of the injuries and the increased disabilities sustained, the case may have substantial value.
- <u>S.</u>T.: This is an employment case for sexual harassment brought against a company where Plaintiff was participating in a "Welfare to Work type" program. The theory is a dual-employment type case. Because of the nature of the allegations and the fee shifting theories under which it is brought, it has a potential high value.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Chairman and Members of the Board of Chosen Freeholders County of Hudson, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), the accompanying financial statements – regulatory basis of the County of Hudson, New Jersey (the "County"), which comprise the comparative balance sheets – regulatory basis, of each fund and General Fixed Assets as of December 31, 2015 and 2014, and the related comparative statement of operations and changes in fund balance – regulatory basis, statement of revenues – regulatory basis – and statement of appropriations – regulatory basis, of the Current Fund and Affordable Housing Utility Fund, and the statement of changes in fund balance – regulatory basis, of the General Capital Fund, for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated September 1, 2016.

As described in Note A, the County prepares its financial statements on a basis of accounting prescribed by the Division that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purposes of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion of the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal* control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We did note instances of noncompliance which are required to be reported under audit requirements prescribed by the Division, and which are described in the accompanying comments and recommendations section of this report.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND NEW JERSEY OMB CIRCULAR 15-08

To the Honorable Chairman and Members of the Board of Chosen Freeholders County of Hudson, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the County of Hudson, New Jersey's (the County's) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *N.J. OMB State Grant Compliance Supplement* that could have a direct and material effect on each of the County's major federal and state programs for the year ended December 31, 2015. The County's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and N.J. OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, the

Uniform Guidance and N.J. OMB Circular 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the County's compliance.

Basis for Qualified Opinion on the State Social Services for the Homeless Grant

As described in Findings 2015-001 in the accompanying schedule of findings and questioned costs, the County did not comply with requirements regarding the following:

	Finding		Federal		Compliance
_	Number	State Grant No.	CFDA No.	Program Name	Requirement
	2015-001	100-054-7550-072	N/A	Social Services for the Homeless	Reporting

Compliance with such requirements is necessary, in our opinion, for the County to comply with the requirements applicable to these programs.

Qualified Opinion on the F State Social Services for the Homeless Grant

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the State Social Services for the Homeless Grant for the year ended December 31, 2015.

Unmodified Opinion on Each Major Federal Program and Each of the Other State Programs

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and each of its other major state programs identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs for the year ended December 31, 2015.

Other Matters

The County's response to the noncompliance finding identified in our audit is described in the accompanying *schedule of findings and questioned costs*. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and N.J. OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and N.J. OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

COUNTY OF HUDSON NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE A. REPORTING ENTITY

The County of Hudson, New Jersey (the "County"), received and continues to participate in numerous federal award and state financial assistance programs, in the form of grant cost reimbursements and revenue sharing entitlements. The County is the reporting entity for the grant programs received. Administration of the grant programs is performed by the various departments and outside offices of the County.

Accounting functions for the grants are performed by the County's Department of Finance and Administration. Grant and program cash funds may be commingled with the County's other funds provided each grant is accounted for separately within the County's financial records.

The County, for purposes of the schedules of expenditures of federal awards and state financial assistance, includes all of the primary government as defined criteria established by the Governmental Accounting Standards Board. The County administers certain federal and state award programs through subrecipients. Those subrecipients are not considered part of the County's reporting entity.

Hudson County Division of Welfare

Certain grant programs noted in the schedules of expenditures of federal awards and state financial assistance are administered by the Hudson County Division of Welfare (the "agency"). All such programs are noted in the schedules of expenditures of federal awards and state financial assistance with the header "Hudson County Division of Welfare" and are also marked with the notation "(1)".

The financial statements of the agency have been prepared in accordance with the County Welfare Agency Accounting Manual, Ruling 12, published by the State of New Jersey, Department of Human Services, Division of Family Development. The accounting practices prescribed is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting revenues and expenditures are recorded on a cash basis.

In addition, Assistance Fund transactions after the first of each month are reflected in the subsequent month's activity. The Assistance Fund report reflects financial activity in each year for the period of December 2 of the prior year through December 1 of the Current Year.

COUNTY OF HUDSON NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE B. BASIS OF PRESENTATION

The accompanying schedules of expenditures of federal awards and state financial assistance (the "Schedules") includes the federal and state award activity of the County under programs of the federal and state government for the year ended December 31, 2015. The information in these Schedules are presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB Circular Letter 15-08 Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. All federal awards received directly from federal agencies or passed through other government agencies are included on the schedule of expenditures of federal awards. All state awards received directly from state agencies or passed through other government agencies are included on the schedule of expenditures of state financial assistance. Because the Schedules present only a selected portion of the operations of the County, it is not intended to and does not present the financial position or changes in fund balance of the County. The County does not utilize the de minimus indirect cost rate, not is any rate negotiated or used.

NOTE C. BASIS OF ACCOUNTING

The accounting policies of the County conform to the accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the County accounts for federal awards and state financial assistance through the following accounting practices which differ from those required by accounting principles generally accepted in the United States of America.

The County, in accordance with the Division's directive, fully realizes revenues and charges appropriations when grants are adopted by the governing body in the budget of the Current Fund. The revenues are charged and the receivable accounted for in the Federal and State Grant Fund. Appropriations are charged and the amount allotted for spending is accounted for as an appropriated reserve. Programs within the General Capital Fund and various Trust Funds are accounted for within the equivalent revenue and appropriation (or reserve) accounts for those respective funds. Expenditures are measured from payments charged directly to specific grant programs.

Local Contributions - Local matching contributions are required by certain federal and state grants. The amount or percentage of matching contributions varies with each program. Local matching contributions are raised in the Current Fund budget.

COUNTY OF HUDSON NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE D. PASS-THROUGH AWARDS

The County receives certain federal awards from pass-through awards of the state. In instances in which the amounts received are commingled by the state with other funds and cannot be separately identified, they are reported as federal expenditures.

NOTE E. CONTINGENCIES

Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable laws and regulations. Federal and state grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors.

NOTE F. MONITORING OF SUB-RECIPIENTS

Under the requirements of the Single Audit Act and State regulations, if the County, as a primary recipient, receives federal and state financial assistance and provides \$750,000 or more of such assistance to a sub-recipient in a fiscal year, the County is responsible for determining that the expenditures of federal and state monies passed through to sub-recipients are utilized in accordance with applicable laws and regulations.

NOTE G. OTHER REPORTING REQUIREMENTS

Law Enforcement Trust Fund

The Hudson County Prosecutor's Office submits an annual financial report of the Law Enforcement Trust Fund (the "LETF") pursuant to the specific requirements by its oversight federal and state agencies. Included in the LETF are the proceeds of fund sharing from the federal and state agencies that are pooled with forfeitures obtained by the Office of the Prosecutor and local law enforcement agencies. The LETF is included in the County's Trust Fund.

Finding 2015-001 (continued)

Views of Responsible Officials of the County:

In September 2014, a new SSH Coordinator was hired to oversee this grant. There was a gap between when the current Coordinator started and when the previous Coordinator assumed new duties. As a result, the new Coordinator was faced with a backlog of items that had to be addressed to bring the grant current. Prior to April 2016, the SSH Coordinator was solely responsible for handling fiscal matters related to the grant AND all programmatic and contractual matters. In April 2016, an accountant was hired to assume the fiscal duties. The delegation of the fiscal duties for the grant should result in timely filing of the reports.

CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED PER N.J.S.A. 40A:11-3 AND 11-4 ET. SEQ.

N.J.S.A. 40A:11-3 states "When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent or other employee so designated by the governing body when so authorized by ordinance or resolution, as appropriate to the contracting unit, without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If a purchasing agent has been appointed, the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000 or the threshold amount adjusted by the Governor pursuant to subsection c. of this section. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section."

The current threshold amount as adjusted by the Governor is \$40,000. The County has appointed a Qualified Purchasing Agent and has passed a resolution raising its bid threshold to the maximum allowable amount of \$40,000.

N.J.S.A. 40A:11-4 states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

The governing body of the County has the responsibility of determining whether the expenditures in any category will exceed \$40,000 within the fiscal year. Where questions arise as to whether any contract or agreement might result in a violation of the Statute, the opinion of County Counsel should be sought before a commitment is made.

CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED PER N.J.S.A. 40A:11-3 AND 11-4 ET. SEQ.

Inasmuch as the system of records did not provide for an accumulation by categories of payments for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not be reasonably ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of \$40,000, "for the performance of any work, or the furnishing of any materials, supplies or labor, or the hiring of teams or vehicles," other than those for which bids had been previously sought by public advertisements or for which a resolution had been previously adopted under the provision of N.J.S.A. 40A:11-6.

When utilizing state contracts, as the contracts are commonly referred to, the County is required to place its order with the vendor offering the lowest price, including delivery charges, that best meets the County's requirements, and is also required to document such with specificity prior to placing the order.
