

To learn more about LabCorp at-home COVID-19 test please visit

<https://www.pixel.labcorp.com/covid-19>

LabCorp now provides an at-home COVID-19 test option for patients who would like to have testing completed in the comfort of their own home, through a service called Pixel. Pixel is available to anyone over the age of 18. LabCorp has established an easy and free process for ordering, collecting, and shipping. The details of the at-home service may be reviewed by clicking on the link below.

Use of the LabCorp Pixel at-home service is voluntary and should be undertaken only after an independent review of the information provided by the link below. The County of Hudson and its agencies make no express or implied warranties as to the service or the effectiveness of the results it provides. This information does not constitute an endorsement of the service or a recommendation for use of the service by the County of Hudson or its agencies. The availability of LabCorp Pixel at-home testing is provided herein solely for informational purposes.
