HUDSON COUNTY

Office of Emergency Management (OEM) > Welcome

Thank you for visiting the official webpage of the Hudson County Office of Emergency Management. This webpage is intended to provide you with information and insight into the many facets of work being done on your behalf by HCOEM.

Please follow us on Twitter to stay updated on important information regarding our office.

Twitter.com/HudCoNJOEM.

You can also listen to the livestream of Hudson County's emergency radio station, 1710-AM here: http://peridot.streamguys.com:5370/HudsonC

Hudson County is located on the western bank of the Hudson River. It has coastline along Upper New York Bay, the Kill van Kull, Newark Bay, and both the Hackensack and Passaic Rivers. It is the most densely populated county in the state of New Jersey and its citizens represent diverse cultural and ethnic backgrounds. The county hosts one of the country's largest world financial centers in addition to being a major transportation hub that includes commuter and freight rail lines as well as the Lincoln and Holland tunnels. This heavily populated, metropolitan environment makes Hudson County communities particularly susceptible to various technological, manmade and natural disasters.

The stream will open and begin to play.

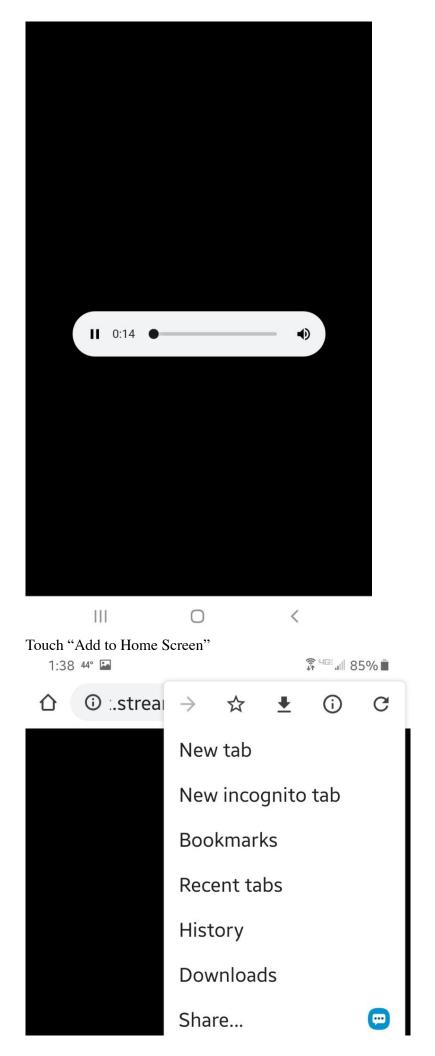

depending on the phone - in the case of Samsung Galaxy S9+ - there are 3 dots in the upper right hand corner - that when clicked will provide numerous option. *May be different depending on the phone - but should be similar*
