Effective January 1, 2021, the No Surprises Act, which Congress passed as part of the Consolidated Appropriations Act of 2021, is designed to protect patients from surprise bills for emergency services at out-of-network facilities or for out-of-network providers at in-network facilities, holding them liable only for in-network cost-sharing amounts

New Jersey law prohibits out-of-network providers and health care facilities in New Jersey from balance billing patients in excess of the patient's deductible, copayment, or coinsurance amount applicable to in-network services for (i) emergency or urgent medically necessary services, and (ii) inadvertent out-of-network services. New Jersey law defines "inadvertent out-of-network services" as health care services (1) covered under a managed care health benefits plan that provides a network; and (2) provided by an out-of-network provider at an in-network health care facility when in-network services are unavailable at that facility. This protection applies to all carriers operating in New Jersey with regards to health benefits plans issued in New Jersey, including self-funded plans that opt-in.

Meadowview Psychiatric Hospital participates in Medicare and Medicaid and is a State Cost Share Hospital. It is an Out of Network Provider with all other private and managed care contracts. To obtain the most accurate estimate of patient out-of-pocket costs, it is strongly recommended that patients contact their insurance carrier. MPH is not a Charge Structure Hospital

All charges are combined in the All-Inclusive per diem rate.
