

TRAFFIC ALERT!

LOCATION: West Hudson, area approaching the Bridge Street, Clay Street and Jackson Street Bridges.

ROAD IMPACT BEGINS: Monday, September 19th, 2022

DESCRIPTION OF WORK REQUIRED: Hudson and Essex County's "Priority Repairs to County Bridges, Joint Bridges: Bridge Street, Clay Street and Jackson Street" project.

This project includes various electrical, mechanical and structural repairs to all three (3) movable joint bridges between Essex & Hudson Counties. Construction duration is scheduled for 1 year with anticipated construction completion in the Fall of 2023. Construction will move from structure to structure depending on the type of work scheduled, starting with the Jackson Street Bridge.

Beginning on or about Monday, September 19, 2022, weather permitting; bridge closures to vehicular traffic will begin. They are anticipated to be daily, Monday – Friday, from 9:00 A.M. to 3:00 P.M. Closures to vehicular traffic will be limited to one structure at a time to minimize traffic impact. Detour signage will be posted where applicable and closure times may be adjusted based on traffic conditions and local events.

Sparwick Contracting, Inc., of Lafayette, New Jersey has been awarded this project in the amount of \$13,495,145.00. All costs will be split equally between Essex County and Hudson County.

We appreciate drivers patience as this needed work is completed.
