

**EXHIBIT 1 to DECLARATION
RECREATION AND OPEN SPACE INVENTORY**

The Recreation and Open Space Inventory (ROSI) is a document compiled by a local government unit as a master list of its Green Acres restricted lands (known as "parkland" under the Green Acres rules *N.J.A.C. 7:36*). Lands that are subject to Green Acres restrictions cannot be disposed of, or diverted to a use other than recreation or conservation purposes, without the approval of the DEP Commissioner and the State House Commission. The Declaration of Encumbrance, including the ROSI, is recorded with the appropriate county clerk as a condition of the Green Acres funding contract in order to provide notice of the Green Acres restrictions on these lands to title searchers and the general public.

LANDS THAT SHOULD BE LISTED ON THE ROSI

Green Acres-restricted lands fall into two categories: funded parkland (lands included in acquisition or park development projects funded by the Green Acres Program) and unfunded parkland (other lands held by the local government unit for recreation or conservation purposes at the time it received Green Acres funding). All funded and unfunded parkland parcels must be listed on the ROSI.

Lands owned by school boards, parking authorities, housing authorities, and similar public agencies without primary recreation or conservation responsibilities should not be inventoried unless they are also held for recreation and conservation purposes by the Local Government Unit. (e.g., through a lease, easement, use agreement or other agreement to which the Local Government Unit is a grantee.)

The ROSI should be compiled by a staff person who is knowledgeable about the local government unit's land holdings, uses of the land holdings and local land use regulations. The Local Government Units' planning board, environmental commission and other boards or commissions are encouraged to participate in the preparation and review of the

The ROSI form is divided into three sections: Lands held in **fee simple** for recreation and conservation purposes; Lands held under a **conservation restriction**; and **leases** or use agreements held by the Local Government Unit for recreation and conservation purposes. Please review the Sample ROSI Sheets tab before completing the ROSI.

WHEN PREPARING AND SUBMITTING THE ROSI, please take note of the following:

All pages of this ROSI document as well as the location map need to be included in the Declaration of Encumbrance sent for recording with the exception of the Lease & Block & Lot Changes page if they are blank, and the Sample ROSI Sheet. Park / Open Space Names should be typed in **proper case** when filling out the three sections. **All fields in each section should be filled in as required - including the encumbered acreage for each individual lot.** If there have been block and lot changes (consolidation / renumbering) since the last ROSI submission, please complete the Block & Lot Changes sheet.

To properly add extra records in the Fee, Easement or Lease page, **select and copy** several records from within the calculated area of the spreadsheet, right click and select "**insert copied cells**" to paste the new records. Next, **recalc the Map Key field** so the first record runs numerically, alphabetically or roman numerically down the field in order. **Do not** add records at the bottom of the spreadsheet outside of the calculated area as those acres won't get calculated.

ROSI MAPPING

As an attachment to the ROSI, the local government unit should submit a parkland location map including each of the parcels listed on the ROSI. If only a portion of a tax lot is preserved, the Green Acres encumbered portion of the parcel should be clearly delineated to scale on the location map. Each parcel should be labeled to correspond with the Map Key associated with the appropriate parcel on the ROSI. The Green Acres Program encourages local government units with Geographic Information System (GIS) capability to utilize aerial maps overlaid with digitized tax map lines. If GIS is used, the ROSI submission should include a pdf copy of the location map showing all the parkland within the local government unit on a singular or per municipality (for County ROSIs). This location map will be recorded with the ROSI. Additionally, the ROSI submission should contain a disk with the mapping information in a **geodatabase** or **shapefile** format. If the local government unit does not have GIS capability, please use the free tool DEP provides at [dep.state.nj.us/land/roshelp/roshelp.html](#) to similarly create maps for the ROSI submission.

Form Specific Instructions

For Lands Held in Fee Simple please provide the following: (1) location of each parcel (as listed in the municipality's tax records), (2) official name of park / open space, (3) block identification numbers as shown on the **current**, official tax record, (4) lot identification numbers as shown on the **current**, official tax record, (5) the total acreage for each individual lot, (6) Appropriately designate "Y" if the interest held by the local government unit for recreation or conservation only covers a portion of the tax lot and not the entirety, (7) Enter the acreage for the Green Acres encumbered portion, even if only a partial lot is encumbered, (8) Appropriately designate "Y" if the property is co-owned with other partners and enter the other fee owners in the Notes field, (9) Appropriately designate "Y" if the parcel is funded with Green Acres money and, (10) If applicable, please provide GA Project #(s), additional lots, additional owners, EIFP funding received, State House Commission (SHC) diversion project #(s), etc in the Notes

For Lands Subject to a Conservation Restriction (Easement) please provide the following: (1) location of each parcel (as listed in the municipality's tax records), (2) official name of park / open space, (3) block identification numbers as shown on the **current**, official tax record, (4) lot identification numbers as shown on the current, official tax record, (5) the total acreage for each individual lot, (6) Appropriately designate "Y" if the interest held by the local government unit for recreation or conservation only covers a portion of the tax lot and not the entirety, (7) Enter the acreage for the Green Acres encumbered portion, even if only a portion of the lot is encumbered, (8) List the underlying landowner of the property (9) Appropriately designate "Y" if the parcel is funded with Green Acres money and, (10) If applicable, please provide GA Project #(s), additional lots, additional owners of the easement, EIFP funding received, State House Commission (SHC) diversion project #(s), etc in the Notes field.

Important Notice about Conservation Restrictions: Many local units struggle to pinpoint exactly where their conservation easements, approved by the Planning Board, are located because these easements are often only noted on the approved plan. It is crucial for local units to understand that even if the location of their easements are not clear, the easements are still bound by Green Acres regulations if the local unit held them when they last received Green Acres funding. To address this issue, there is now a statement on the Conservation Restriction tab. This statement acknowledges that while a local unit may know it holds conservation easements, it might not know their exact locations. The statement also clarifies that regardless of whether these easements are included in the ROSI, they are still subject to Green Acres rules if they were

For Lands Held through a Lease or Use Agreement, please provide the following: (1) location of each parcel (as listed in the municipality's tax records), (2) official name of park / open space, (3) block and lot identification numbers as shown on the **current**, official tax record, (4) lot identification numbers as shown on the current, official tax record, (5) the total acreage for each individual lot, (6) Appropriately designate "Y" if the interest held by the local government unit for recreation or conservation only covers a portion of the tax lot and not the entirety, (7) Enter the acreage for the Green Acres encumbered area of the lot, even if only a partial lot is encumbered, (8) the expiration date for the lease or use agreement, (9) the name of the underlying landowner, (10) Appropriately designate "Y" if the parcel is funded with Green Acres money and, (11) If applicable, please provide GA Project #(s), additional lots, additional owners, EIFP funding received, State House Commission (SHC) diversion project #(s), etc in the Notes field.

Certification

If the local government unit is a municipality, the completed ROSI must be reviewed and duly executed and certified by the chief executive officer and the planning board chairperson. If the local unit is a county, the completed ROSI must be reviewed and duly executed and certified by the chief executive officer and one of the following: the parks director, or the director of the open space program. (See N.J.A.C. 7:36-6.5(a)2) *If the Local Unit's form of government does not allow for the Mayor to sign without a resolution from the governing body, please include the number and date of the resolution along with a copy of the passed resolution.*

Special Notes

1. This ROSI, as completed and duly executed, shall be incorporated into both (1) the Green Acres Project Agreement and (2) the Declaration of Encumbrance.
2. The Local Government Units' governing body and planning board should designate, with appropriate descriptive labels, all lands listed on this ROSI in any revision or update of the following master plan elements: recreation plan, conservation plan, and land use plan. However, failure to do so shall have no effect on the validity of the ROSI.
3. If lands held by the Local Government Unit for recreation and conservation purposes are omitted from the ROSI by mistake, inadvertence, or otherwise, such lands shall be subject to the same terms and conditions, covenants, and restrictions as they would be if they were included. Deletion or omission of lands listed on previously submitted ROSI's is prohibited without prior written approval of the OTPLA Public Land Compliance Section, and may require a public hearing. See N.J.A.C. 7:36-25.3.

This excel spreadsheet and all pages of the ROSI should be electronically submitted with the original signed Certification page mailed to the Project Manager's attention. All pages of this document along with the preserved land location map must be included in the Declaration of Encumbrance and sent for recording except for the Sample ROSI Sheet page as well as the Lease page and Block and Lot Changes page, if they are

RECREATION AND OPEN SPACE INVENTORY

Definitions (as found at N.J.A.C. 7:36-2)

For the purposes of this ROSI, the following definitions shall apply whenever a form of the word is used:

"Conservation restriction": an interest in land less than fee simple, stated in the form of a right, restriction, easement, covenant, or condition, in any deed, will, or other instrument, other than a lease, executed by or on behalf of the owner of the land, appropriate to retaining land or water areas predominantly in their natural, scenic, open, or wooded condition; appropriate for conservation of soil or wildlife; appropriate for outdoor recreation or park use; or appropriate as suitable habitat for flora or fauna. Often known as a "Conservation Easement".

"Declaration": the recordable, written instrument executed by a local government unit that declares that all of the local government unit's funded and unfunded parklands are subject to the Green Acres restrictions. Such written instrument shall include the local government unit's Recreation and Open Space Inventory and is a component of the Project Agreement.

“Development”: any improvement to a land or water area of a parkland that is designed to expand or enhance its utilization for outdoor recreation and conservation purposes, and shall include the construction, renovation, or repair of any such improvement, but shall not mean shore protection or beach renourishment or replenishment activities, except as provided at N.J.A.C. 7:36-10.3(a)5 and 21.3(a)5. This term may include any of the following types of ancillary improvements to a parkland: roadways, parking, landscaping, fencing, lighting, utilities, structures, and any other improvement that expands or enhances the use of parkland for outdoor recreation and conservation purposes.

“Fee simple”: absolute ownership in land, unencumbered by any other interest or estate.

“Funded parkland”: parkland that a local government unit has acquired or developed with Green Acres funding.

“Held,” when used in the ROSI with reference to land: owned, leased, or otherwise controlled for recreation/conservation purposes.

“Historic preservation restriction”: an interest in land less than fee simple, stated in the form of a right, restriction, easement, covenant, or condition, in any deed, will or other instrument, other than a lease, executed by or on behalf of the owner of the land, appropriate to preserving a structure or site that is historically significant for its architecture, archaeology or associations.

“Land” or **“Lands”**: real property, including any improvement, right-of-way, water, riparian and other rights, easements, privileges, and any other rights or interests in, relating to, or connected with real property.

“Local government unit”: a county, municipality, or other political subdivision of the State, or any agency, authority, or other entity thereof the primary purpose of which is to administer, protect, acquire, develop, or maintain lands for recreation and conservation purposes.

“Parkland”: land acquired, developed, and/or used for recreation and conservation purposes, including funded and unfunded parkland.

“Recreation and conservation purposes”: the use of lands for beaches, biological or ecological study, boating, camping, fishing, forests, greenways, hunting, natural areas, parks, playgrounds, protecting historic properties, water reserves, watershed protection, wildlife preserves, active sports, or a similar use for either public outdoor recreation or conservation of natural resources, or both, pursuant to the Green Acres laws. This term includes the use of historic areas pursuant to P.L. 1974, c.102; P.L. 1978, c.118; P.L. 1983, c.354; P.L. 1987, c.265; P.L. 1989, c.183; P.L. 1992, c.88; and P.L. 1995, c.204; and the use of historic buildings and structures pursuant to P.L. 1992, c.88, and P.L. 1995, c.204.

“Recreation and Open Space Inventory” or **“ROSI”**: the listing of all of a local government unit's funded and unfunded parkland, including a description sufficient to identify each such parcel.

“Time of receipt of Green Acres funding”: for a development project, the period from the earlier of the dates listed at 1 and 2 below until the date of the first transmittal of Green Acres funding. For an acquisition project, this term shall mean the period from the earlier of the dates listed at 1 and 2 below until the date of the first transmittal of Green Acres funding for each parcel acquired as part of the project:

1. The date of the letter from the Department notifying the local government unit of the Green Acres funding award; or
2. The date of the at-risk authorization provided by Green Acres under N.J.A.C. 7:36-6.3 or 12.3.

“Unfunded parkland”: parkland, other than funded parkland, that is held by a local government unit for recreation and conservation purposes at the time of receipt of Green Acres funding.
